TEN PAGES TODAY

COUNTY TAX IS RAISED TEN CENTS

County Council Fixes Levies and Appropriates \$104,385.50 in Closing Session Today.

LARGEST ITEM IS \$25,000

Flood Bond Tax is Reduced 2 Mills and Levies For Gravel Road Bond Redemption Made.

Finishing its annual meeting this afternoon at three o'clock, the county council appropriated a total of \$104,385.50 to pay the running expenses of Rush county next year. The county tax rate was fixed at seventeen cents and two mills, which is an increase of ten cents over this year's rate. The flood bond tax levy was made eight mills. This year it was one cent.

The levies by townships for redemption of gravel road bonds and interest were made as follows:

Carthage 39 cents, Ripley township 39, Posey 31, Walker 6, Orange 55, Anderson 34, Rushville 7, Jackson 53, Center 20, Washington 4, Union 15, Glenwood 15, Noble 35, Richland 31.

The largest item in the appropriation ordinance was \$25,000 for new bridges.

It was reported to the council that the total valuation on all taxable property in Rush county as a basis for 1921 taxation is \$69,287,175. The July abstract of property showed \$64,751,685 in valuations which less mortgage exemptions of \$707,775 made the net taxables \$64,043,910. To this was added the assessments of the telephone and telegraph companies, express companies, banks, building and loan associations, public utilities, railroad and interurban lines and pipe lines.

The appropriations to pay the expense of assessing amounted to \$4,780 and were made by townships as follows: Ripley \$405, Posey \$345, Walker \$345, Orange \$347, Anderson \$362, Rushville \$906, Jackson \$330, Center \$353, Union \$362, Noble \$345, Richland \$330, Washington \$350.

Appropriations for county offices were as follows: clerk of the court \$3,390; additional clerk of the court, \$680; circuit court, \$5,285; additional circuit court, \$100; juvenile court (additional) \$250; auditor, \$4,580; treasurer, \$4,000; recorder, \$1,930; sheriff \$4,080; sur- Continued on Page Three

TWO LAW SUITS FILED IN THE CIRCUIT COURT

Hulda McCarty, a Minor, Asks Divorce From Fred McCarty and \$1,000 Alimony

AN ACCOUNT SUIT FOR \$75

A divorce suit and a suit on an account were filed today in circuit court, Hulda McCarty bringing suit for divorce against Fred McCarty, and the Standard Oil Company bringing suit against Harry H. Nelson on an account, demanding judgment in the sum of \$75.

Mrs. McCarty, plaintiff in the divorce action, being a minor, is joined with Nellie Hileman in bringing the suit. She alleges that her husband accused her without cause, and cast reflections upon her virtue. She states in the complaint that they were married on August 26, 1919 and separated September 5 of this year, following a quarrel in which her husband knocked her down a couple of times, she asserts. She also asks \$1,000 alimony.

In the suit for account, the \$75 judgment is asked on an account which the Standard Oil Company, an Indiana corporation, asserts is past due, and can not be collected otherwise.

The jury in the case of the State against Norman Kline of Connersville found the defendant not guilty in court yesterday afternoon, Kline was tried on a charge of speeding, and appealed the case to the circuit court, after being found guilty in police court on June 1.

SCHOOL ENROLLMENT

Increase of 50 Pupils is Noted on Opening Day of School.

The city school enrollment shows an increase of over 50 of last year, and more pupils are being enrolled each day, which will probably increase the attendance this year. There are a total of 337 students enrolled in the high school of which 196 are in the Senior high school and 141 in the Junior department. At the Jackson building there are 221 students enrolled in the different grades; at the Graham Annex, 177; at the Havens building 161 and at the Washington school (colored) there are 31 students. A total of 928 children are registered in the five buildings, with more being received daily.

FEDERAL PROBE IS INTIMATED

U. S. District Attorney Clyne Confers With E. H. Moore, Cox's Personal Representative

FOLLOWS BLOSSOM TESTIMONY

Cleveland Man Confirms Democratic Nominee's Statement His City's Quota Was \$400,000

(By United Press)

Chicago, Ill., Sept. 8.—Charles Clyne, United States district attorney, today conferred with E. H. Moore, personal representative of Governor James Cox, who appeared before the senate committee investigating political campaign expenditures.

Reports were circulated in the federal building that Clyne was considering a federal investigation into the alleged conflicting testimony of some witnesses appearing before the committee.

Clyne said he would make no statement regarding his plans before he had an opportunity of conferring with the full committee conducting the investigation.

He said he hoped to meet with the committee following today's hearing.

The Clyne-Moore conference occurred while Dudley Blossom, of Cleveland was telling the committee of operations in that city of money raising plans which democratic members of the committee said exactly paralleled the Blair plan as outlined in a circular known as Form 101.

This is the plan which Chairman Will H. Hays and Treasurer Fred Upham of the republican national committee told the committee was rejected in favor of a plan of decentralization evolved by Hays.

Blossom then verified Cox's statement in his Pittsburg speech that Cleveland's quota on the Republican campaign was \$400,000.

Blossom said as a divisional director in Cleveland he was told by W. Woodford, county director, that the county quota was that amount.

Republican members of the investigating committee gave notice today that they will bear certain democratic activities later when the committee meets in the East.

COAL STRIKERS IN RIOT

Wilkesbarre, Pa., Sept. 8.—Rioting broke out today in the anthracite coal strike district and for one half hour a large number of men battled at Pittston. State troopers were able to disperse them. Many of the strikers received bruises and other were reported seriously injured.

MAY RELEASE MACSWINEY

London, Sept. 8.—The British cabinet in session today was officially reported to be reconsidering its decision not to release Lord Mayor MacSwiney in view of the overwhelming pressure of public opinion.

SMITH RENOMINATED

Phoenix, Ariz., Sept. 8.—United States Senator Smith appeared to have been renominated by the democrats on the basis of early returns today from yesterday's primary.

TO FINISH PLANS FOR DINNER PARTY

Township Chairmen and All Members of Dinner Serving Committee to Meet Saturday

TO BE SERVED AT CITY PARK

Members of Organization Who Are Classed as Retired Farmers Expected to Provide Dinners

There will be a meeting Saturday at two o'clock of all the chairmen, both ladies and men, and all members of the dinner serving committee of each township, at the court house, for the purpose of making final arrangements for the county dinner party that will be given by the Rush County Farmer's association to the business men of the county, in this city on September 17.

The dinner party will no doubt be the biggest affair of its kind ever given or undertaken in this county, and it is necessary that plans be worked out in detail for uniform and satisfactory service.

The chairman from each township organization has also been asked to appoint four of his liveliest members to act as assistants and have them attend the meeting Saturday afternoon. Everyone is urged to take special interest in having their own township make the most creditable response.

With the township committee in session Saturday afternoon, it is expected that the final arrangements will be mostly completed, but there will probably be another meeting Monday night of all committees, at which time a whirlwind finish will be made.

As has been explained previously, the purpose of the farmers' and merchant's dinner party is to create intimacy between the farmers and business men of the county. Last spring the business men of Rushville invited the farmer here for a dinner, and a big day was enjoyed by over 1,500 farmers, who were served dinners.

The Rush County Farmers' association decided to repay the business men, and will attempt to go them one better, and will provide the dinner in the city park on Friday, the 17th.

Officers of the organization wished to impress again that all members and their families or visitors are invited to attend and bring well filled baskets. Any farmer who intends to become a member on that day, is also invited to attend, with his family, and become a member on that day.

The officers also wanted it understood that the dinner party was not to be given wholly for Rushville. Continued on Page Six

BLACKFORD COUNTY TEAM OF BOYS WINS

Victors in Live Stock Judging Contest at State Fair—Henry County Boys Winners

TWO ARE AWARDED MEDALS

Indianapolis, Ind., Sept. 8.—The Blackford county team of three boys won the boys live stock judging contest at the Indiana state fair, the \$200 trophy and the trip to the International Live Stock Exposition in Chicago, it was announced today.

Lowell Beavers, a Henry county boy, proved to be the best individual live stock judge in the contest and won a \$100 scholarship to Purdue university.

The best individual judges in the respective classes each winning a medal were: Horses, Lowell Beavers, Henry county; beef cattle and sheep, Herman Magee of Henry county.

The contest is conducted each year under the auspices of Purdue university and a total of 36 county teams competed this year. The boys were taken to the union stock yards and the packing houses here this morning and following announcement of the winners at noon at the fair grounds.

PASS NEW CITY RATE SCHEDULES

Councilmen Will Petition State Public Service Commission to Increase Revenue

WILL BRING IN \$6,700 MORE

Petition Asks Permission to Raise Electric Power Rates and Water Rates Slightly

A new schedule of rates for water consumers and electric power was offered by a committee last night which investigated the matter, and the new schedule was presented to the councilmen, who in turn passed a resolution instructing the committee to present the petition to the public service commission for their approval of the rates.

Under the revised schedule, the domestic consumer will not be affected by any increase in electric rates, but the water rates will be doubled on the monthly minimum basis, which at present time is 33 1/3 cents, and under the proposed increase will amount to 66 2/3 cents a month.

Because bills are rendered every three months in this city, the water will amount to \$2.00 a quarter instead of \$1.00, or \$8.00 for a year, instead of \$4.00 as at present.

These rates will apply only to those consumers who use the minimum amount each three months, and affects 80 percent of the water consumers in Rushville.

Those who are heavier users of water will be charged the following rates, under the proposed schedule: 3,000 cubic feet, \$2.00. Next 3,000 cu. ft., \$1.75. Next 5,000 cu. ft., \$1.50. Next 5,000 cu. ft., \$1.25. Next 5,000 cu. ft., \$1.00. Balance 75 cents.

The electric power rates, which will affect industries in Rushville using electricity to operate motors, were given a slight increase, and a two cent rate at present charged for heavy users, will be discontinued, with 3 cents being the lowest available rate.

The new schedule, as proposed is as follows:

500 K. W. H. for .05 K. W. Next 500 K. W. H. .04 K. W. Next 500 and over .03 K. W.

An equalizing rate of 50 cents for each horse power motor is also offered in the proposed rates, which will bring the total up slightly.

Superintendent Mahin stated that the proposed rates will bring the city \$6,700 additional revenue in one year, which is divided as \$3700 from water and \$3,000 from electricity under the new rates.

Before these rates can be put Continued on Page Three

TEN-YEAR-OLD BOY STRUCK BY MACHINE

Deloris Wilson, Son of Mr. and Mrs. Donald Wilson of New Salem, Has Miraculous Escape

WHEEL RUNS OVER HIS HAND

Deloris Wilson, ten year old son of Mr. and Mrs. Donald Wilson of New Salem, was struck by an automobile in New Salem late Monday evening, and was painfully bruised, but not seriously injured, which is considered a miraculous escape, after being struck by the machine, and thrown to the ground.

The small boy, in company with others, was in the street playing ball, and in running for a ball down the street, ran into a large touring car driven by the owner of Taylor's Furniture store of Indianapolis. The front wheel struck the boy, and threw him to the ground, and ran over one of his hands.

The boy was not rendered unconscious, but his hand was badly mashed and bruised, and he sustained several other injuries. He was able to be out today and attended school, and aside from the injured hand, he will not suffer from any injury.

TO HOLD INDOOR CARNIVAL

St. Mary's Catholic Church Announces One Night Entertainment

An indoor carnival will be held at St. Mary's Catholic church hall Thursday night, it was announced today. The carnival will be held in place of the annual outdoor carnival which has been given for several years by the young men of St. Mary's church. It was decided not to hold the outdoor carnival this year because the weather has been so unsatisfactory for such an event.

A number of attractions have been arranged for the Thursday night entertainment and there will be the usual number of refreshment stands, as well as as number of attractions.

ORDINANCE IS PUT ON FIRST READING

City Council Prepares for Rushville to Move From Fifth to Fourth Class

WILL BE NO NEW OFFICES

Petition For Paving Block of Water and South Morgan Street Filed at Regular Meeting

An ordinance was placed on first reading last night at the regular meeting of the city council, in which the city of Rushville automatically passes into a fourth class city, but will continue under the rules of a fifth class.

The ordinance abolishes the office of city judge, and confers the duty onto the mayor, or city judge. The offices of the two boards, the board of public works and public safety, were also abolished, as the different committees of the council can take care of these positions.

The office of city comptroller was also abolished and these duties will be placed in the hands of the city clerk. The salary of all officials will be the same under the fourth class as under the fifth class except the city treasurer, who will receive an annual compensation of \$1,500.

The ordinance will be in effect after its passage on third reading by the council.

Two petitions were filed last night with the council, one signed by O. L. Carr and the other headed by the Humes-Kirkpatrick garage company and several property owners in South Morgan street, asking that Water street, west of Main and over to Morgan, then north to First street, be paved with concrete.

The proposed paving will be in the form of a letter "L" and will connect with the paved streets on First and Main streets. The matter was carried over until the next meeting night.

J. J. Amos, living at Fifth and Main streets, was granted permission to gravel an alley at the rear of his property between Morgan and Main streets.

The attention of motorists driving at excessive speed in the vicinity of school buildings was brought to the attention of the council, and a committee was appointed with power to act, to investigate the price of buying metal signs to be placed around all school buildings, to warn motorists to slow down for the school buildings.

The matter of replacing a heavy concrete traffic post at the corner of Second and Morgan streets to take the place of the one which was destroyed by a machine the other night, was taken up, and a committee was appointed also to see about placing electric lights on all stationery posts to give warning to motorists.

People must refrain from tacking posters and bills on telephone poles and city electric poles. An ordinance prohibits this, but recently several posters have been tacked and nailed on the posts and an employee of the city water and light plant received a bad injury the other day, when his arm was lacerated by a nail in the post, which had been left by someone tacking a sign or Continued on Page Six

MUST STAND ON HER OWN FEET

Harding Says Nation Needs to be Independent Agriculturally, Industrially and Politically

SPEAKS AT ST. PAUL, MINN.

Declares Agriculture is Menaced by Evils Which Can't be Cured With Quack Remedies

By RAYMOND CLAPPER
(U. P. Staff Correspondent)

State Fair Grounds, St. Paul, Minn., Sept. 8.—America must stand on her own feet, agriculturally, industrially and politically, Warren G. Harding declared in a speech at the Minnesota state fair here today.

"We are then the guarantors of our own security," he added.

Agriculture is menaced by evils which demand not quack remedies, but careful study and proper action, the Republican nominee continued. Unless we deal more fairly, he warned, there may come a conflict between the organized farmers in the surplus producing states and those who insist on buying their crop below production costs.

"We need fewer land hogs who menace our future and more fat hogs for ham and bacon," Harding said. "We need less beguilement in cultivating a quadriennial crop of votes and more consideration for farming as our basic industry. We need rest and recuperation for a soil worked out in agitation and more and better harvests in the inviting fields of mutual understanding."

Harding put seven planks in his agricultural platform today.

Farm representation in government; right of farmers to co-operative organization; scientific study and action toward stabilizing prices of farm products; cessation of attempts at price fixing on food stuffs; expansion of the federal farm loan act to aid farmers purchase land; most efficient transportation possible; revision of the tariff to protect the American farm.

Harding's speech today was the first outside of Ohio since he became the Republican presidential candidate. Although induced to come to Minnesota partly because of the political situation here, Harding Continued on Page Six

TOTAL REGISTERED WILL NOT REACH 10,000

With Reports From Four Precincts Lacking, The Total Today is Now 7,895

MEN ARE LEADING THE WOMEN

With reports still lacking today from four of the thirty-one precincts in the county, it was apparent that the total number of men and women registering last Saturday would not reach 10,000, which was indicated by early returns.

Five more precinct reports have been received at the auditor's office since yesterday, bringing the number registered up to 7,895. The number registering in the two precincts in Walker township, Center No. 2 and Noble No. 2, would have to average better than five hundred each to make the total 10,000, which is regarded as improbable. In the five precincts reported today, the men exceeded the women in every instance, making the totals at present 4,387 men and 3,528 women registered.

Clerks at the auditor's office today began making two copies of the registration lists to be given to the two political parties. Reports received today follow.

NEW SERVICE TO EXPORTERS

U. S. Members Take Advantage of New Catalog File System

(By United Press).

Paris (By Mail)—American exporters are quickly taking advantage of the new catalog file system recently inaugurated at the offices of the American Chamber of Commerce here.

The purpose of the device is to keep before European buyers regular issues of catalogs of American member-firms. Along with the file is kept a card file listing the products offered by the American firms under ten or more headings.

Chamber officials point out that under this system preliminary correspondence is eliminated.

Policewomen in Europe.

The Swedish cities of Stockholm and Gothenburg were among the first in Europe to have women police.

JOHN A. KNECHT

The owner and manager of the Buick and Chevrolet Sales and Service Station in Rushville does not need any introduction to the public. He is widely known in Rushville and Rush county, having spent all of his life in Rush county.

Until 1910 he was engaged in active farming when he formed a partnership in the automobile business

JOHN A. KNECHT

with Ray Thornburg of Connersville, which firm did a successful automobile business for one year, and in 1911, Mr. Knecht bought Mr. Thornburg's interest and sold a half-interest in the business to Edmund Gartin also of this county.

The firm of Knecht & Gartin made much history in the automobile business in this county, and was very successful. In June, 1919, Mr. Knecht bought the interest of Mr. Gartin and has since run the business himself.

Mr. Knecht and his partners started the first Buick agency in this county, and has sold the Buick cars in Rush county since 1910. He is known as a pioneer automobile dealer of Rush county.

Mr. Knecht has not only made a very big success in farming and the automobile business, but has made hundreds of friends and customers. He is known to his many friends as just plain "John." He is generous and pleasing to meet and will always give the public a square deal.

THE NEW BUICK MODELS

"For twenty years the Buick Motor Company has adhered steadfastly to definite principles of motor car design and manufacture," says E. T. Strong, general sales manager Buick Motor Co. "The reward to owners and dealers as well as to the builder, for this unwavering fidelity to policy and concentration of energies has been seen year after year.

"And the highest pinnacle in this long period of Buick development has been reached in the new line for 1921.

"There are seven models for the new season, including three open and four closed body types. While they have retained those qualities that have been adopted as standards of mechanical excellence for two decades, improvements have been added to increase either the convenience or the long life of the cars.

"The casual observer on the street or in the showroom will note that the most striking change is in the new lines of the body, top, radiator, hood and cowl, which blend into a harmonious whole of rare and graceful beauty. Yet, there is nothing spectacular or radical in the new lines and those familiar with Buick methods will understand that the outward appearance merely betokens the inner goodness of the new Buick.

"Since the opening of the previous season, the Buick valve-in-head motor, even at that time brought to a high state of perfection, has undergone strenuous tests in the Buick research and experimental laboratories. And it has passed from the engineers' hands a more refined motor, capable of greater service with less exacting demands upon the driver for adjustment and attention.

"Throughout the entire chassis mechanical changes have been introduced wherever possible to make for easier adjustments and care of working parts. For example, the clutch can now be readily adjusted with a wrench directly beneath the floor board.

"It is no longer necessary for one to get under the car in order to drain oil from the crank case. Just inside of the hood there is a handle which operates the plug in the crank case. In a similar way, water may be drained from the radiator by turning an extended handle placed within convenient reach.

"Another illustration of Buick attention to detail is seen in the accessibility of batteries in closed cars, which are provided with a small door in the floor board over the battery box. The springs on all closed cars have been re-designed to insure the smoothest riding qualities over rough roads.

"Owing to the growing demand for a more roomy and luxurious roadster

STURDILY built—designed for power and dependability, possessing grace and beauty in every line—the new Buick Nineteen Twenty One series signally upholds the traditions that have made the name Buick a notable word in the automotive industry.

Two decades have more than justified the unwavering fidelity to the accepted engineering ideals to which Buick stands committed. The same rugged Valve-in-Head motor refined is a distinguishing feature of every model.

In appearance, the Buick Nineteen Twenty One series is notable for

the harmonious blending of low, graceful body lines; in appointments, for those added refinements that so materially increase the pleasure and comfort of motoring.

In addition to the general features of the new models the Buick Five-Passenger Touring Car (Twenty One Forty Five) possesses a roominess of tonneau and new arrangement of seating that afford occupants the utmost in riding comfort. For the business man or his family; for the needs of city driving or country driving, this model excels because of its capacity for varied service.

JOHN A. KNECHT

Corner First and Main Streets

Rushville, Ind.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

the new Model Twenty One-Forty-Four has been studiously designed with the result that it is distinctly a new model. As remarkable as it is with its improved lines, it still possesses the characteristic Buick style.

"The rear of the body has been widened, making it exceptionally comfortable for two passengers besides the driver. There are two spacious compartments, one back of the seat and another beneath the rear deck, that afford ample storage space.

"The five passenger open car Model Twenty One-Forty-Five, has a graceful, low appearance. The driving compartment and the tonneau have been re-arranged slightly to provide more room and the seats have been changed so as to afford the most comfortable position for driver and passengers.

"Model Twenty One-Forty Nine, the seven passenger open car, is continued as the ideal car for the family. Door openings have been widened and more room for extra passengers has been secured. Forty-Nine is a big, useful car, beautiful, refined and easily controlled.

"All of the open cars are equipped with the new Buick patented top, which permits an unobstructed view to all occupants. Snug-fitting curtains swing with the doors. Due to the fact that so few owners drive with their tops down, top carrier irons have been eliminated. However, irons and slip covers may be secured by the owner if he so desires.

"Buick closed cars have been greatly improved also. The three previous models have been developed and, in addition, a new four-passenger coupe, Model Twenty One-Forty Eight.

"This model is in every respect a full four passenger car. It is built on the same extra length chassis as the large seven passenger sedan. At the right and rear of the driver's seat is a wide seat for two, in front of which is a folding seat with upholstered arms and back rest. When not in use, it may be folded under the cowl. Back of the driver's seat and also under the rear deck, are spacious apartments for suit cases, bags and parcels.

"Model Twenty One-Forty Six, the four passenger coupe on the model Twenty One-Forty Sedan chassis, is itself a roomy, comfortable car. The

Fletcher's Shoe Shop

Opp Postoffice.

Phone 1483

interior has been re-arranged too and an extra seat swings under the cowl.

"The two new Buick sedans for five and seven passengers, Models Twenty One-Forty Seven and Twenty One-Fifty, are bound to make an even wider appeal than they have in past seasons. The improvements have been plentiful and each change fits in with the spirit behind a beautiful, dependable car.

"These two models have many things in common, differing only in chassis length and in appointments and refinements that distinguish the more luxurious sedan. They are powered by the same Buick Valve-in-head motor and graced by the same rich body lines.

"All of the closed cars are equipped with storm proof windshield, anti-glare sun shade and water-tight doors—considerations that make protection a thing realized in all kinds of weather.

"In the complete line, the Buick Motor Company sees that a new quality has been established—a quality that has logically resulted from twenty years' experience in building a motor car according to accepted engineering standards. Master craftsmen, always finding new ways to express their skill, have taken great pride in the Twenty One Models. They have accomplished that wonderful thing in making a highly dependable piece of machinery an

unusually beautiful object. They have created a type of design which, pleasing to look at the first time, becomes a source of greater pleasure the more often it is seen.

"But, elegant as they are, the new cars are more likely to be conspicuous for their power and performance, their ease of control and comfortable service. For Buick engineers have not directed their efforts toward any single thing. They have rather developed all of the details that make up complete motoring satisfaction. And their accomplishment is nothing short of remarkable.

"Buick cars, which have never been built to a price, have always been good values in personal transportation. And it takes little investigation for one to realize that Twenty One values are the biggest of all.—Adv.

JUST RECEIVED

Car of Locust Line Posts

We are now unloading a car of 8-ft. locust line posts. They are absolutely sound—not worm eaten—and are of a good size. Farmers with fence building experience know that locust stands above all other post timbers on the market for their long life, and that a line post to give best results should be 8 feet long. We know that these posts will please you and give excellent satisfaction as a line post.

LEG IS ALSO FRACTURED

Develops G. H. Sheldon is More Seriously Hurt Than First Reported

The Rev. George H. Sheldon, pastor of the First Presbyterian church of this city, who was injured in an automobile accident near Fort Wayne Monday, will not be able to fill the pulpit here Sunday, according to further word received today, but the pulpit will be supplied.

It develops that in addition to two broken ribs, the Rev. Mr. Sheldon has a fractured leg, instead of suffering bruises to one of his legs as first reported. A letter from Mrs. Sheldon today said that he may be suffering from other injuries which have not yet developed. The Rev. Mr. Sheldon is in the Hope Methodist hospital at Fort Wayne.

in prevention and suppression of contagious diseases, \$935; salary of commissioners and expenses, \$1,150; salary of county council, \$70; salary of county attorney, \$300; expense of board of review, \$600; expense of county board of truancy, \$535; court house expense, \$9,610; jail expense, \$950; poor farm expense, \$6,924; county home for orphans, \$5,000; state institutions, \$1,500; burials, \$2,000; highways, \$150; board of charities, \$100; farmers institute, \$100; ditches, \$400; justice of peace, \$10; tax refunds, \$600; examination of public records, \$1,200; county agent, \$1,500; new bridges, \$25,000; bridge repairs, \$6,000; flood bonds, \$4,100; insanity inquests \$680, epileptic inquests, \$170; printing and advertising \$1,000; flood bonds, \$4,100.

Deficiency appropriations recommended by the commissioners and passed by the council were: board of review, \$570; board of truancy, \$10; court house expense, \$210; tax refund, \$200.

Poor relief appropriations for townships, totaling \$4,600, were made as follows: Ripley \$200, Posey \$200, Walker \$150, Orange \$150, Anderson \$500, Rushville \$250, Jackson \$100, Center \$150, Washington \$150, Union \$250, Noble \$100, Richland \$150.

PASS NEW CITY RATE SCHEDULES

Continued from Page One
into effect, the public service commission must pass upon them, and give remonstrators a chance to be heard. The councilmen have taken the matter up in person with the different members of the commission and were informed that the rates here were too low, especially for water.

The commission offered two ways in getting the rates increased: Either to ask for a hearing in this city, and let the commission decide upon the rates, or for the council to prepare a schedule and petition for the increase under their proposed schedule. The latter method will be followed, as the commission would no doubt increase the rates higher than the proposed rates, and the councilmen want to give the people a fair show, and feel that the \$6,700 increase will meet the requirements.

Another phase of the water rates will probably be taken up with the commission. Several instances were pointed out where people living at ends of certain streets, or in other places where the water mains don't reach, have been supplied with water. One instance was cited where it cost the city over \$300 to extend the mains for one water consumer, and that in two years, the city has received on the investment only \$4 a year, the minimum rate for a water consumer. Another incident was cited which happened six or seven years ago, when \$600 was spent by the city to reach only one consumer. This consumer used water only one year at a flat rate, and then discontinued the water. The \$600 line was idle for six years, and only last year the consumer again began using it, and is paying \$4 a year on the \$600 investment.

The councilmen propose to take this matter up with the commission, pointing out that it is money wasted to extend lines for one or two consumers. The commission recently stated that no extension should be made if it would not bring ten percent on the original investment, and the councilmen want this understanding to be embodied in the new rates.

OTTIE APPEARS CHOICE

Reno, Nevada, Sept. 8.—Meagre returns from yesterday's primary in Nevada gave Former Governor Oattie a small lead over the Rev. Brewster Adams for the republican senatorial nomination. Returns were so incomplete the result was still in doubt. Senator Henderson had no opposition for the democratic nomination.

He Wanted a Plenty

John Hall, a professor in a college at Salem, Oregon, who was an employe of the Emergency Fleet Corporation during the war, wrote Senator Harry S. New, chairman of the Republican Speakers' Bureau, stating that though he was a Wilson

Democrat he was at heart a Republican, and offering to "swing the Scandinavian vote" and smash the Non-partisan League for the Republicans for a consideration.

His consideration was \$7,500 and expenses or \$10,000 including expenses and the promise of a non-political job upon the election of Senator Harding. The same, he said, had been offered him by the Democrats.

Sen. New read Professor Hall's letter while testifying before the Senate committee investigating campaign funds. It was one of the amusing incidents of the hearing.

In replying to Professor Hall, Senator New said that Republicans were unable to meet his figure.

"Where is he now?" Senator Spencer, one of the investigating committee, asked.

"In the employ of the Democratic committee," Senator New answered. "He is head of the Scandinavian bureau in New York City."

Let 'Em Object

You have noticed, no doubt, that some well intentioned people are always objecting.

No matter what kind of a suggestion is made or proposition is advanced, they object. Not always to the suggestion in its entirety, but

more frequently to some of its salient features.

A few will tell you that they are a nuisance, always throwing cold water upon every project.

But are they?

When a proposition is put before the people of any community it should be subjected to every reasonable test before it is adopted. Every weak point should be detected and eliminated or its weakness corrected and strengthened.

If left to the judgment of optimists entirely it is in danger of being rushed through without proper consideration.

If the objector is on hand there will be no such haste.

Some of his objections may be wearisome, but others will be valuable.

It is human nature for him to ferret out something to which he can object, and the more he objects the more certain we are to avoid the danger spots.

Let him object. It pleases him and is good for the community.

Ed Moore, Gov. Cox's "Colonel House" is musing up the situation with respect to the republican "slush fund" considerably. He testified before the senate committee yesterday that the goal for the fund was \$16,000,000. Franklin D. Roosevelt first announced it was \$30,000,000 and along came Gov. Cox with the assertion that it was \$15,000,000. And the senate committee has not yet discovered that it ever existed.

A Lewiston, Maine woman smoked a cigar when she was given the right to vote, declaring that she vowed years ago that if she ever voted she would smoke. It is hoped, however, that other women will not take their new privilege as seriously.

Poor old Maine has to act as the political barometer this year. And it makes no difference who carries the state, there will be plenty of opportunity "to view the result with great optimism" or see the returns as a sure sign of a great victory for the party in November.

Sap and Salt

By BERT MOSES.

The worse the movies get, the more the people seem to like them.

Bad teeth have supplied the undertakers with a lot of business.

Many a quarrel begins over a difference of opinion as to what a joke is.

Thousands must die to supply a reason for putting up a monument for one man.

The League Flunked
(New York Tribune)

Lloyd George, in his frank way, has blurted out the true reason why the machinery of the League of Nations has not been used in the Polish crisis. "The league," the British Premier told the House of Commons, "cannot operate where there is no unanimity, and it is quite clear that the Allies have not the same views regarding Russia and Poland."

The league covenant in form binds the league members, when a dispute arises between a league member and a non-league member, to summon the non-member (in the present case Russia) to join for the purpose of the controversy. If it does not respond, then the league members agree to take common action in behalf of the non-member. The language is plain, yet not a hand was raised to apply it to Russia's invasion of Poland. As a working organization the league blew up—the covenant became a mere string of barren words.

Except there is in fact an alliance based on a community of policy which shall exist independent of the league it is futile as a peace enforcer. It has no will or power. As The Tribune has wearied its readers in pointing out, there is only one kind of league carrying assurance of peace. This kind is not the covenant kind.

It was such a league as was functioning two years ago—a league with power and animated by a common purpose. When he went to Europe President Wilson devoted himself to destroying this league. He succeeded. He created suspicion where there had been trust—disharmony where there had been harmony. He quarreled with Italy, almost forced a break with France, and made his scheme ridiculous to Great Britain.

The President may have thought he was promoting a peace league. But his personal beliefs do not alter the fact that he was not—that instead he was disintegrating a league, that was functioning.

TAKE PRIZES IN EACH CLASS THEY ENTERED

Leach and Peters, Local Rabbit Fanciers, Win 3 First, 2 Thirds and Fifth at Fair

9 HEAD OF 2 BREEDS IN SHOW

Leach and Peters, local rabbit fanciers, won three firsts, two thirds and a fifth with the nine head of rabbits which they have at the state fair this week, being in the money in every class in which their stock was entered. They received some fancy offers for some of their show stock.

In the Flemish Giant breed show, they won first money with one entry in the class for junior natural gray bucks. Two of their three entries in the class for junior steel gray does won first and third prizes. In the senior natural gray doe class, the local men's lone entry was fifth.

In the showing of the New Zealand Red breed, one of their three entries in the junior doe class won first premium and in the junior buck class, their one entry was placed third.

The Rushville fanciers reported the rabbit show was the largest display ever soon in Indianapolis. Nearly the entire poultry room is devoted to fancy rabbit stock this year and the poultry show has been moved to floral hall. The entries are imported stock and come from several states.

Amusements

"Nurse Marjorie" at the Princess

Mary Miles Minter takes the leading role today at the Princess in, "Nurse Marjorie" a feature attraction, starring the young actress.

Much against the wishes of her parents, Duke and Duchess of Donegal, Lady Marjorie takes up nursing as a profession and enters a sanitarium. She is known to her co-workers as Nurse Marjorie and is assigned to care for two patients—Dick, a motherless boy, and John Danbury, an influential member of the House of Commons.

Danbury has undergone an operation for a squint. When the bandages are removed he beholds the beautiful Nurse Marjorie and falls desperately in love with her, but Marjorie devotes most of her time to the little orphan. Danbury does not know that Marjorie's other patient is a child, and is piqued because some one is preferred to him. The byplay develops many very humorous situations.

Danbury, fully recovered, is forced to leave the hospital. He traces Nurse Marjorie to her supposed parents home. Here, Marjorie puts him through an ingenious test of love. Lord Fitzrevar, another suitor, who knows Nurse Marjorie's identity, comes on the same day for his answer. Startling things happen.

It is not till Danbury is shot while addressing a crowd of workmen, that he is able to claim the erstwhile Nurse Marjorie and with love as a tremendous factor all troubles are forgotten.

Drama of the Frozen North

"Camile of the Yukon," a powerful drama of the frozen North, adapted from Larry Evans' great story, "The Silent Lie" is to be presented by William Fox at the Mystie Theatre today.

The story centers around Lady Lou, stepdaughter of one Hatfield. She is the subject of the father's hatred because of her mother's unfaithfulness. She loves Jean Moreau, a trapper. When Moreau is being cheated out of his fortune by Hatfield, Lady Lou exposes her father, and he is forced out of Salmon Creek, taking his daughter with him. Hatfield abandons her in the snow during a blizzard, and Lady Lou is rescued from death by Steve Conahan, a fur trader, who later marries her.

In her new life Lady Lou is happy until the reappearance of Hatfield, who tells her husband she has been a dance hall girl and is no better than her mother who had run away with a half-breed. Conahan leaves Lady Lou, but is induced to return by the parish priest. The cast includes Miriam Cooper, Monroe Salisbury, Charles Clary, Ralph Lewis, Henry C. Barrow, Howard Davies and William Eagle Shirt, an Indian.

FAREWELL FOR PASTOR

How Women Are Often Cheated Out Of Their Best Years

Physician Explains How Many Women Undermine Their Health and Wreck Their Happiness by Letting the Iron in Their Blood Run Low. Tells How Organic Iron, Like Nuxated Iron, Helps Strengthen The Nerves, Put Roses in The Cheeks and New Vigor and Health In The Veins Of Pale, Careworn Women.

Lack of iron robs the blood of its power to make firm and healthy tissue, brain, and muscle out of the food we eat and the oxygen we breathe, and turns a woman with rosy cheeks, sparkling health and boundless energy into one who is pale, run-down, tired and hopeless. Her thin, watery blood, lacking strength-giving iron, under-nourishes her body and brain and robs her of her natural energy and cheerfulness. She loses interest in life and cannot enter into the normal healthy pleasures of those about her. She is literally cheating herself out of the best years of her life, when she might, in most cases, quickly regain her strength and vitality by feeding her blood with organic iron—Nuxated Iron.

The alarming deficiency of iron in the blood of so many women of today has been explained by a number of doctors as being due to the abnormal hurry and strain of modern life, as well as worry and overwork, and our refined, unnatural diet. These all tend to drain the natural iron from the blood faster than the body can replace it without assistance. Under these conditions we should feed the blood with organic iron, and Dr. James Francis Sullivan, formerly of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, explains below why organic iron, like Nuxated Iron, is administered to nervous and run-down women to make them stronger, healthier, and happier.

"Every woman has the right to years of vigor and health. But many a woman cheats herself of her best years by allowing lack of iron in her blood to undermine her health."

"To me the saddest feature of modern life is the number of unhappy, careworn women who might so easily regain happiness and health. Doctors' offices are filled with women who are constantly tired, pale, sickly, uninterested in life. I am convinced that many such women, by simply putting iron in their blood, might readily build up rich red blood, increase physical energy, and get themselves

"Where Are My Best Years Going?"

asks many a woman who sits indoors, too tired to play, too listless to enjoy the good things of life. Dr. Sullivan in the accompanying article explains how women may quickly regain their health and happiness by the use of organic iron—like Nuxated Iron.

time. I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse. Manufacturers' Note: Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not irritate the stomach, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows: NUXATED IRON and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

NUXATED IRON

For Anaemic, Nervous, Run Down People

past Conference year, have been very pleasant. These congregations are planning a get-together meeting for next Sunday, an all day farewell meeting for the pastor, F. M. Westhafter and his wife, as they are expecting to retire from the pastorate on account of her failing health. Dinner will be served at the noon hour for all who can participate. People of other denominations will take part in this service. It is planned to make the meetings of most fraternal nature.

HER HEART FULL OF GRATITUDE NOW

Mrs. Bettie White, of Evansville, Says Tanlac Has Overcome Her 39 Years of Suffering.

"After suffering with rheumatism for 39 years, I am now a well and happy woman and I owe my recovery to Tanlac," said Mrs. Bettie White, 133 Cutler Ave., R. F. D. No. 8, Evansville, Ind.

"My rheumatism had been rapidly getting worse for the past six years until I couldn't get in or out of bed without help. I couldn't raise my hand to my head to comb my hair, and couldn't hold anything in my hand. My toes were cramped and my knee joints were so stiff I had to have help to get my shoes on and off and sometimes my feet were so swollen I couldn't get my shoes on at all. For two weeks I had to sit day and night in a chair with my head propped on a pillow. My nerves were badly shattered and I suffered so from pain and worry that it looked like there was no hope for me."

"I tried all kinds of medicines but nothing did me any good until a friend suggested Tanlac. I have now taken three bottles. I can lie down in bed now and sleep like a baby. I can walk down town, comb my hair or do most anything else I want to do and never have any pains from rheumatism. My knee joints have quit hurting me, my toes have straightened out and I can hold a pen in my fingers to write. My nerves have quieted down and my mind is at rest, for I feel such a wonderful ease or relief from being well again."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hopkins, R. R. 2—Adv.

The Woman's Home Missionary Society of the St. Paul's M. E. church will meet in the church parlors Thursday afternoon at 2:30 o'clock. The membership is urged to be present as this is the first meeting of the new year.

Miss Jean Sparks assisted by Miss Josephine Scholl, delightfully entertained the members of the Psi Iota Xi sorority yesterday afternoon at her home in North Main street. Those present enjoyed the evening socially, which was followed by the serving of refreshments.

Fifty couples attended the dance given at the Modern Woodman Hall in West Third street last evening under the auspices of the Phi Delta Kappa fraternity. The Farley's Feature Five orchestra of Ft. Wayne furnished the music throughout the evening. Guests were present from Indianapolis, Shelbyville, Connersville, Knightstown and Newcastle.

The G. H. club was entertained at the home of Mr. and Mrs. Harry York, west of Glenwood, Sunday, with a delicious pitch-in dinner, honoring their eleventh wedding anniversary. Those present were Mr. and Mrs. E. W. Ruff, Mr. and Mrs. F. E. Brooks and their guests, Mr. and Mrs. Elmer Darnell of Rushville, Mr. and Mrs. Russell Ruff, Mr. and Mrs. Meyer and daughter Mildred, Mr. and Mrs. Elmo Hires and children Cedric and Rosemary.

The W. R. C. Penny Social was delightfully entertained yesterday afternoon by Mrs. Sarah Guffin at her home in North Morgan street. Twenty-four members and four children were present for the meeting. Fall flowers, cosmos, asters and nasturtiums, were the decorations for the home. Following the business session an interesting program which was given. Mrs. Ben Goodwin had charge of the program which included a reading by Mrs. Gates Ketchum and a poem by Mrs. Margaret English. Mrs. English conducted a contest which consisted of guessing the names of trees and Mrs. Selman Webb was the winner. During the business session the social decided to send the jelly and fruit, they had left from serving the dinner to the reunion of the 123rd Indiana regiment of the Civil War, to the Soldiers and Sailors home at Lafayette, Ind. At the close of the program the hostess served a delicious luncheon.

MUST STAND ON HER OWN FEET

Continued from Page One made no reference to it or the farmers non-partisan league action here. His speech was without direct reference to partisan politics, although he scored the treatment accorded the farmer in the last seven years.

The government should do everything possible toward restoring a balance between livestock and grain production to encourage a return to diversified farming, Harding asserted. America must decide whether the United States shall be a self-sustaining nation or continue to exploit agricultural resources and leave to posterity the task of finding food enough by strong arm methods if necessary," to feed the coming hundred of millions, he declared.

"I have no thought of suggesting that the government should work out an elaborate system of agriculture and then try to impose it on the farmers of the country," Harding continued.

"That would be utterly repugnant to American ideals. Governmental paternalism, whether applied to agricultural or any other of our great national industries would stifle ambition, impair efficiency, lessen production and make us a nation of dependent incompetents. The farmer requires no special favors at the hands of the government. All he needs is a fair chance and such just consideration for agriculture as we give to others, and ever seek to promote for our common good.

Reviewing efforts of farmers to organize for their own protection, Harding sounded a warning for fair treatment lest producers and consumers fall into a conflict.

"We have witnessed the restricted production of manufacturers and labor, but we have not yet experienced the intentionally restricted production of food stuffs," he added. "Let us hope we never may."

Harding again denied he has recently urged dollar wheat; taking cognizance for the second time of a campaign rumor circulating in rural regions.

Quoting census figures to show a drift of peoples to the cities, Harding warned the time may come when American farms cannot supply enough food for this country. He paid tribute to the patriotic work of farmers in raising war crops, but acknowledged the losses they have suffered therefrom and pleads for return to normal and resumption of the "onward road" again.

"If we shall determine to build up here a self sustaining nation then we must at once set about the development of a system of agriculture which will enable us to feed our people abundantly with some to spare for export in years of plenty and at prices which will insure the farmer and his family both financial rewards and educational, social and religious living conditions fairly comparable to those offered by the cities. A sound system cannot be maintained on any other basis. Anything short of a fair return upon invested capital and a fair wage for the labor which goes into crops and enough in addition to enable the farmer to maintain the fertility of his soil and insure against natural hazards will drive large numbers of farmers to the cities."

ORDINANCE IS PUT ON FIRST READING

Continued from Page One bill to the post.

The matter of a threatened law suit against the city was touched upon lightly last night by Mayor Irvin, when he stated that an attorney representing Mrs. Herman Kennedy, was thought to be getting ready to bring the suit. The woman's husband was an employe at the fire station, when he is said to have received an injury which developed into a disease that caused his death. The suit will be brought under terms and conditions of the Workmen's Compensation and Employers' Liability acts, it is reported.

TO FINISH PLANS FOR DINNER PARTY

Continued from Page One merchants, but that every merchant in the county was invited as their guests.

Members of the organization who are classed as retired farmers, and live in Rushville or the smaller towns, will be considered as members and not guests, and must bring their baskets, the same as the member who lives in the county.

WAYNE PEA DIES

Wayne Lamoine Pea, 2 1/2 months old son of Mr. and Mrs. William Pea, 129 South Pearl Street, died shortly after noon yesterday, death resulting from summer complaint. The funeral services were conducted this afternoon at four o'clock at the late residence in charge of Capt. Marks of the Salvation Army, and burial was made in East Hill cemetery.

Sunlight for Malaria.

Dr. G. Viale reports to Policlinico (Rome) that cases of long rebellious malaria improve rapidly when the nude trunk is exposed to the sunlight for several hours after each dose of quinine.

LIKE GOOD WAFFLES? TRY THIS RECIPE OF MRS. HARDING'S.

Chicago, Sept. 8—A Chicago woman, who has for some years been collecting the pet recipes of all the prominent women of this country, has now added one more to her collection—the waffle recipe of Mrs. Warren Harding, the wife of the Republican Presidential nominee, of Marion, Ohio.

Mrs. Harding is said to bake the

best waffles of any woman in country and this is her recipe.

Two eggs, two tablespoons sugar, two heaping tablespoons butter, one pint of milk, one pint flour, two heaping teaspoons baking powder, one teaspoon salt. Beat yolks eggs, add sugar, salt, milk and flour next add melted butter. Just before ready to bake add baking powder and beaten white of egg. Cook in waffle irons. Eat on empty stomach. Use plenty of butter and maple syrup.

Why You Should Trade With Us

But on second thought we will let our customers tell why they trade with us. Just ask any of them the next time you meet them. In the meantime do a little trading with us yourself—find out for yourself.

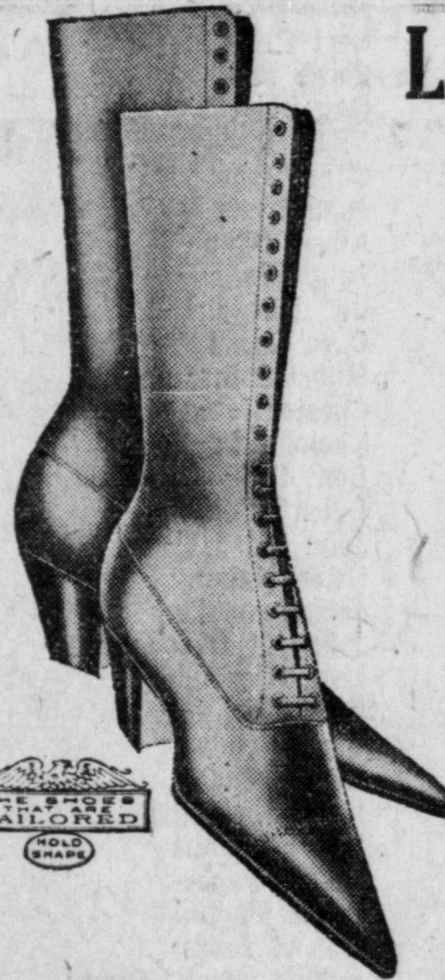

Everybody knows what we sell—nearly everybody knows what close prices we make and the service we give.

We want everyone to know these things and to appreciate the advantage of trading with us.

Grove's Iron Tonic Syrup

Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its Strengthening, Invigorating Effect.

The Syrup is flavored and children love to take it. Contains no Nux-Vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother and The Grandmother with perfect safety.

Grove's Iron Tonic Syrup
Price 60 Cents.

MAINE POLITICS IS BEING WATCHED

Only State Which Will Have Election Prior to National Campaign for State Offices

WILL TAKE PLACE THIS MONTH

May Show Trend of November Election Some Politicians Think—Watch Women's Votes

(By United Press)

Augustus, Me., Sept. 8—Maine is now in the throes of a warm political campaign which is being watched with interest by the entire country, as it is the only state in the union which elects a governor, state auditor members of Congress, county officers and members of the legislature in advance of the national election.

For many years the September vote in Maine has been considered as a barometer throughout the country as to how the people feel towards national affairs.

Maine is generally conceded to be a Republican State, but leading Democrats are confident that their candidates will make a good showing, perhaps winning. The Republicans claim, of course, that they will be successful pointing to the fact that if the votes gets out they will "clean up the state". The Democrats, however are preparing a strenuous campaign in order to win or to keep the Republican majority as low as possible.

Col. Frederic H. Parkhurst is the Republican candidate for governor, having defeated Gov. Carl E. Milliken, who was seeking a third term, in the primaries. The Democratic nominee is eBrtrand G. McIntire of Norway, a business man, and former sheriff of Oxford county and for six years chairman of the board of tate assessor. He was the candidate against Governor Milliken two years ago.

The present state auditor, Roy L. Wardwell of this city, is a candidate for re-election while his Democratic opponent is former representative James J. Neilon of Biddeford.

Carrol L. Beedy of Portland is the Republican candidate for re-election in the first district while Congressman Wallace H. White, Jr., of Lewiston, John A. Peters of Ellsworth, and Ira G. Hersey of Houlton, all Republicans, are candidates for re-election in the second, third and fourth districts. The Democratic candidates for Congress are Frank H. Haskell of Portland in the first district, Wallace Price, Richmond, second; Archie Towle of Oakland in the third district and Leon G. C. Brown of Milo in the fourth district.

The Republican list of speakers includes United States Senators Henry Cabot Lodge of Mass., Geo. H. Moses, of New Hampshire, Wm. M. Calder of New York, and Joseph Frelinghuysen of New Jersey; also Col. Theodore Roosevelt, besides many other prominent men from other parts of the country. On the Democratic side, speakers include Secretary of State Bainbridge Colby, Secretary of the Navy Josephus Daniels, Secretary of Agriculture E. T. Meredith, Homer S. Cummings of Connecticut, former chairman of the Democratic national committee, Governor Chas. H. Brough of Arkansas, Governor Alfred Smith of New York and United States Sen-

ator David L. Walsh of Massachusetts.

Democratic leaders will, during the campaign, urge the election of a legislature pledged to provide means by which liquor for medicinal purposes may be obtained in Maine through registered druggists. At the present time there is no legal way by which liquor may be secured in this state nor has, there been since the abolition of the agency system by the legislature in 1911. The vote of the women will be watched with interest this year, but according to political observers it will make little change in the general result.

Tire Mileage Increased and Cost Reduced—for Small Cars

You can buy Goodyear Tires today at prices which are no higher than they were ten years ago.

And from these tires you can now obtain more actual mileage due to advancements made by Goodyear in their construction since 1910.

The present cost of Goodyear mileage therefore is decidedly less and this fact applies to all the line, including the 30x3-, 30x3½- and 31x4-inch size Goodyear Tires built especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get exceptional mileage at very low cost.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread	\$23.50	Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag	\$4.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread	\$21.50		

GOOD YEAR

3,442 MILES — 25 MEN —
27.2 MILES PER GALLON

A STOCK OVERLAND crossed the U. S. A. in 179 hours. Averaged 27.2 miles per gallon.

GOITRE

Caused Voice to Fail for Indianapolis Lady. Relieved by External Remedy

Note: It would be illegal to publish these statements if they were not true.

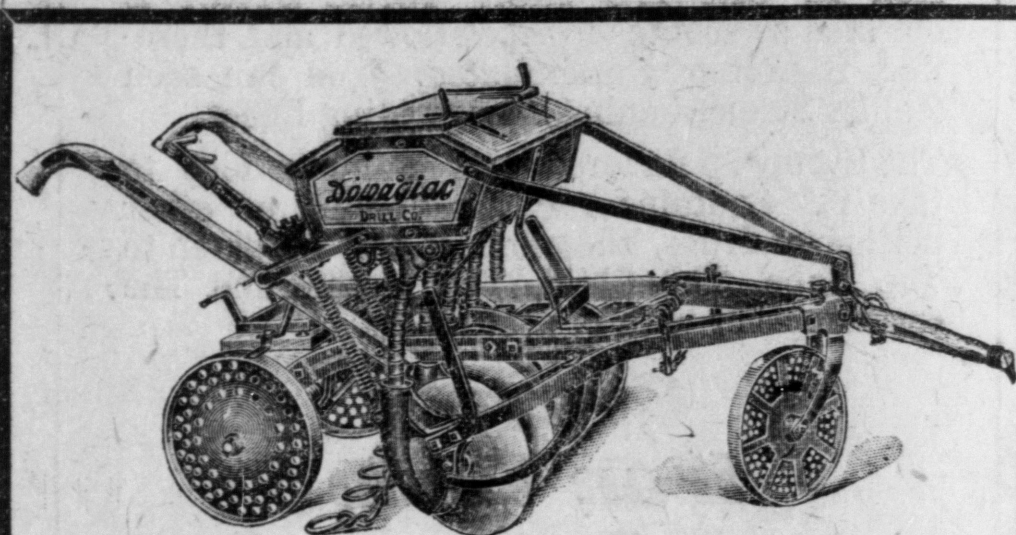

Mrs. Fred Maas, 422 Christian St. Indianapolis, Ind., says in her own home paper, the Indianapolis Star: "I have used one bottle of Sorbol Quadruple, and my goitre is almost gone. I had lost the use of my voice for singing, but that is near normal again. It relieved me of having horrible dreams. I cannot say enough for Sorbol Quadruple. A friend in the next block has had even more wonderful results than I. I will be glad to talk or write to anyone about it."

Sorbol Quadruple comes in small bottles containing enough for most cases. Will not stain or irritate. Does not interfere with regular work. Leaves parts in healthful normal condition. Easy to use. Requires 10 minutes daily.

Get further information at Johnson's drug store, or write Sorbol Company, Mechanicsburg, Ohio. (Adv.) 57

TWO REGISTERED & ENROLLED KENTUCKY JACKS will make the season at Smalley's Barn. East Second St., Rushville, Ind. Season \$20.00—insure a colt. One 1800 Pound Belgian Stallion. Season \$20.00—insure a colt. Phone 1571

"My Shop" or Gipson's Lunch Room

Dowagiac Steerable One-horse Disc.

Light Running, Self Guiding and General Ease in Handling.

The feeds are chain driven from the axle of the two rear wheels which have the ratchet hubs—making both wheels drivers.

They are STEERABLE without lifting by the operator. Pressure on one of the handles or the operator shifting his position when riding on the box immediately changes the course of that side. They are ADJUSTABLE both as to width of rows and as to depth of sowing.

Built to Last Forever.

C. H. (Nick) Tompkins

CENTRE TRAINS TO WIN FROM HARVARD

Champion Football Team From Small Kentucky College Has Harvard in Mind For Goal

SCHEDULE IS ANNOUNCED

Includes Games With Harvard, Kentucky State and Will Play DePauw November 6

Camp Dick Robinson, Ky., Sept. 8—Here on the banks of the meandering Kentucky river, forty-five candidates for positions on the 1920 Centre College football squad today opened a 10-day training season in preparation for the drive they hope will result in the winning of American collegiate football honors.

At the outset it was made plain the Colonels are "layin' for Harvard". For on October 23 the little college that last year came "out of the sticks" and won national gridiron recognition by rolling up a score of 432 points against 18 for their opponents, will make a pilgrimage to Cambridge, the first meeting of football talent from this section and the East. Centre men have their heads set to beat the big eastern university, and if "praying and playing" will turn the trick, they're going to pray and play—hard—they avow.

"Chief" Myers, athletic director of the Colonels, "Bo" McMillin, phenomenal captain and all-American quarterback, and Charley McDowell, assistant field marshal, were first on the ground when the camp opened. In addition there all but three members of last year's team, and two dozen recruits. Head Coach "Uncle Charlie" Moran will not arrive until September 15, date of the closing of his engagement as National league umpire.

Among last year's stars, the following put in appearance: "Red Roberts", "Red" Weaver, "Lefty" Whitney, Terry Snoddy, "Irish" Murphy, Bill James, Sully Montgomery, "Pap" Ford, Ben Creager, Norris Armstrong, Bill Blevins and Hamp Tanner. Others are expected to arrive daily until the camp's enrollment has reached probably 65 or 70.

Three hundred and ten students have already applied for accommodations at Centre for this fall. Last year the school which turned out the "praying" team boasted no more than 202 men in its student body—it is non-coeducational.

Danville, site of the college, will accompany the team en masse. Arrangements have already been made for a special train to leave Danville October 21, allowing a day in Boston for practice on the National league baseball grounds there. The return trip will be made by way of Niagara Falls. It is estimated 500 persons from Danville, Lexington and Louisville will make the trip with the team.

The Colonel's season schedule has been announced as follows:

October 2—Morris-Harvey College (W. Va.) at Danville.

October 9—Howard College (Ala.) at Danville.

October 16—Transylvania College at Danville.

October 23—Harvard at Cambridge.

October 30—George Tech at Atlanta.

November 6—DePauw at Indianapolis.

November 13—Kentucky State at Lexington.

November 20—Virginia Polytechnic at Louisville.

November 25—(Thanksgiving) Georgetown (Ky.) at Danville.

"Tragic Century"

The sixteenth century is called the "tragic century" on account of the great number of deaths occurring in it. The whole world was swept by plagues throughout the hundred years. Pestilence nearly depopulated China, and raged throughout Germany, Holland, Italy, Spain, England, France and Russia. The "sweating sickness," which broke out in England in 1506, caused the death of nearly one-half the population of the large cities of that country. The century was also noted for its many wars.

Long Standing Stomach Trouble Helped By Dreco

Wife of well known farmer suffered for years from a severe case of stomach trouble; an inactive liver and constipation. Has taken one bottle of Dreco and got fine results.

"My wife has been in bad health for a long time; has had so much trouble with her stomach, liver and bowels. Everything she ate turned to gas and bloated her up; her liver was inactive and would not throw off the excess bile, causing severe headaches and dizzy spells," said Mr. Oren Reynolds a well known farmer living on Rural Route B, Terre Haute, Ind.

"Her bowels would not move unless she took some strong medicine and that sort of medicine was worse than the complaint, for it upset her stomach, made her very nervous and she could not sleep well.

"We heard about the good Dreco was doing the folks around here, so thought we would let the wife try it and I want to tell you we are both very much pleased with the result. She has taken one bottle. I have bought another one for her and she is going to keep on taking Dreco until she is entirely well.

"Dreco soothed her stomach, cleared her liver of excess bile and caused her bowels to move in a natural, easy way and established regular habits."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

NEVER OUTSIDE THE MONEY THIS SEASON

Star Tramp, Who Won \$1,000 Purse at State Fair This Week In 8 Starts This Year

MAY BE RACED AGAIN FRIDAY

Star Tramp, the Rushville trotter which won first money in the 2:25 trot the opening day of the state fair, has never been outside the money this season in the eight starts which he has made. He has to his credit three firsts, two seconds and three fourths. He was campaigned in Illinois early this year and then brought to Indiana to the half mile tracks where he went good. Star Tramp may be given a chance to repeat Friday as he is entered in the trot and will likely be started if he is right.

Albert Capp, who owns an interest in the horse and has been driving him during the campaign in Indiana, gave the gelding a new mark at Indianapolis Monday when he won first money in a \$1,000 purse. The horse was third the first heat, fourth in the second and came back and won the third and fourth heats. In the third heat he was given a mark of 2:14, which will put him in a faster class. He went the fourth heat in 2:16.

Star Tramp is owned by Mr. Capp, Vern W. Norris and Dr. F. G. Hackleman. The horse was formerly campaigned by Harrie Jones and has always given promise of being a good horse. He was trained and raced by Dick Wilson as a colt.

EXPECT ALASKA VETERANS

Civil War Soldiers Will Attend Convention From a Distance

(By United Press)
Indianapolis, Sept. 8.—Several veterans of the Civil war now living in Alaska, will come to Indianapolis for the annual national encampment of the Grand Army of the Republic here September 19 to 25, according to information received by the executive committee. With the encampment less than two weeks away all available space in the hotels of Indianapolis has been booked. Between 75,000 and 100,000 persons are expected to come here for the encampment which is the fifty-fourth in the history of the organization. Seventeen hundred official delegates of the Grand Army, each delegate representing a post, will attend.

KING HAS HORSE ENTERED

Race For St. Leger Stakes Was Run Today Over Customary Track

(By United Press)
Doncaster, Eng., Sept. 8.—The race for the St. Leger Stakes, the last of the season's races for classic three-year-olds was run today over the customary one mile and three quarters track. Betting covered a wide range and despite the presence of the Derby winner, Maj. G. Loder's Spion Kop, in the field, the event was considered very open. Lord Derby's Archaic, second in the Derby, was fancied to turn the tables on his Epsom conqueror, while W. Raphael's Allenby, which broke down while going well in the same race, was reported as fit as ever it had been in its life.

King George had a nice-looking filly named Lemonade, which was expected to run well, and several others were backed by "knowing" circles. The race was worth \$30,000 to the winner.

Miss B. Pullen-Burby was the first geographer to visit some of the unknown parts of the Bismarck archipelago.

Stiff? Sore?

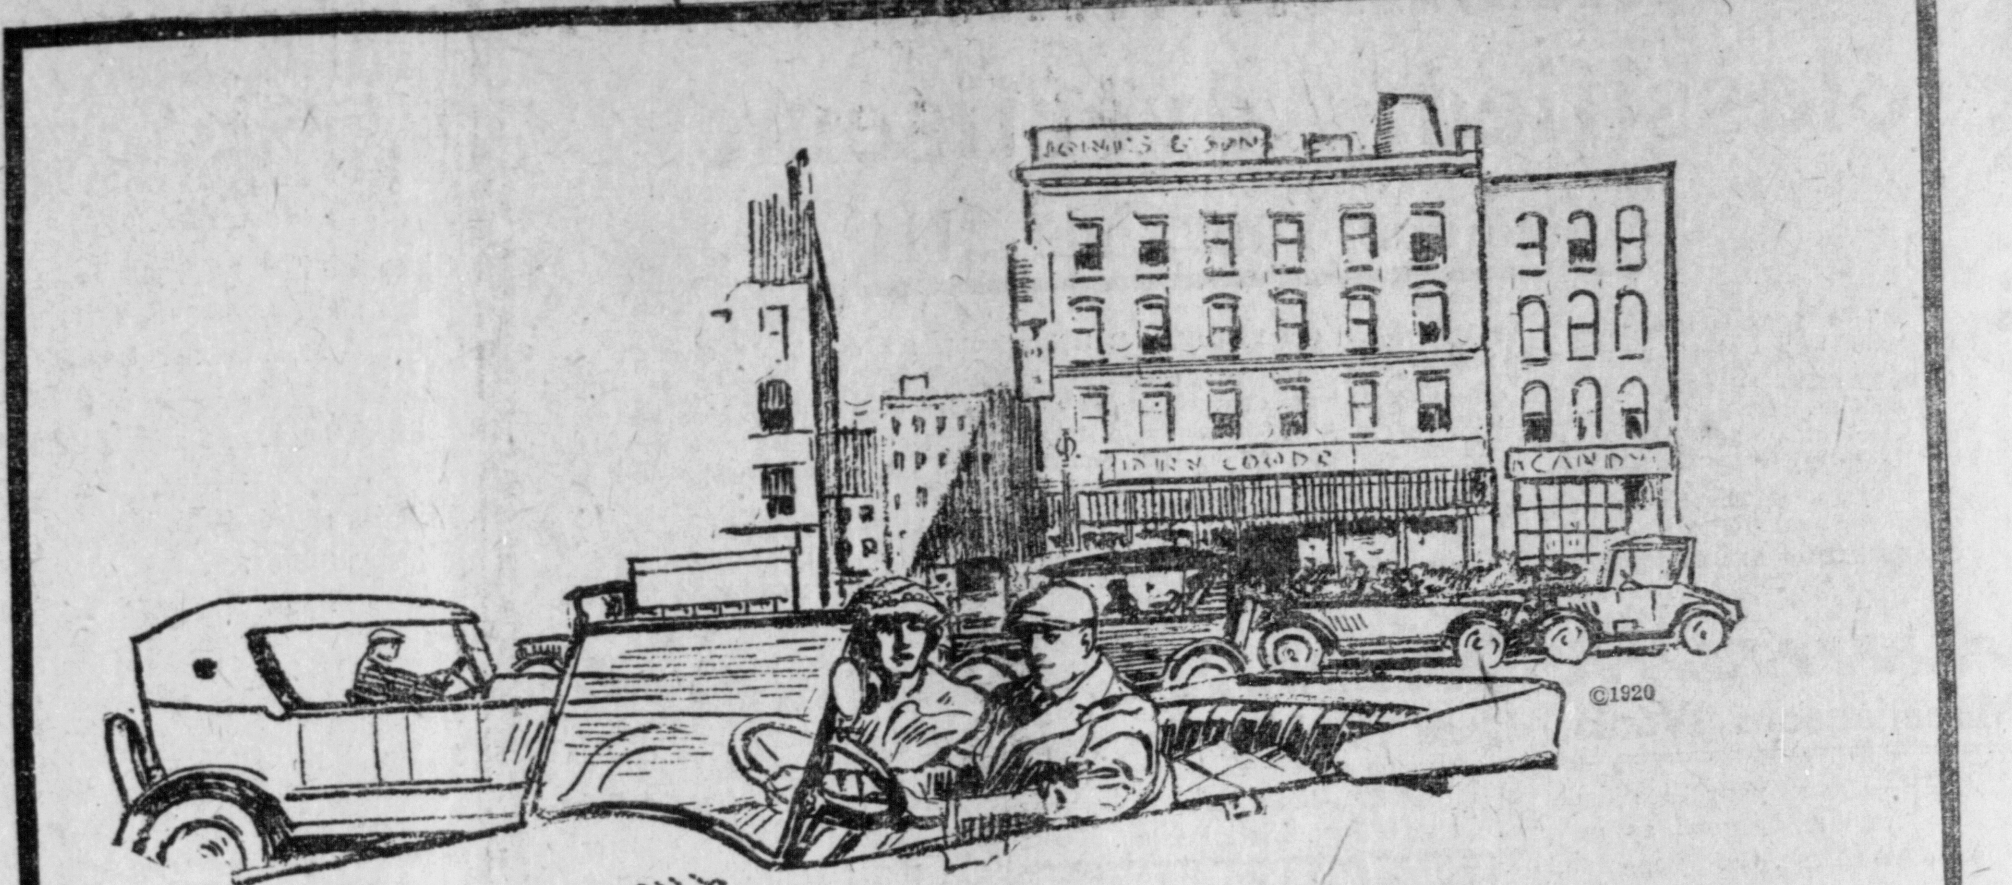

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, sallow skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

F. B. JOHNSON & CO.

This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

WANTS OIL POLICY CHANGED

United States Sends Strong Protest to New Mexican Government

(By United Press)
Washington, Sept. 8.—The United States has sent a vigorous note protesting to the new Mexican government against Carranza's program against the American oil interests in Mexico.

This government's communication is understood to leave the inference that America's recognition of the new Mexican government will be finally rejected if the Mexican policy toward the American oil interests is continued.

Carranza's policy of oil confiscation took the form of various decrees and legislation.

Rushville, Indiana, Wednesday Evening, Sept. 8, 1920

TEN PAGES TODAY

COUNTY TAX IS RAISED TEN CENTS

County Council Fixes Levies and Appropriates \$104,385.50 in Closing Session Today.

LARGEST ITEM IS \$25,000

Flood Bond Tax is Reduced 2 Mills and Levies For Gravel Road Bond Redemption Made.

Finishing its annual meeting this afternoon at three o'clock, the county council appropriated a total of \$104,385.50 to pay the running expenses of Rush county next year. The county tax rate was fixed at seventeen cents and 2 mills, which is an increase of ten cents over this year's rate. The flood bond tax levy was made eight mills. This year it was one cent.

The levies by townships for redemption of gravel road bonds and interest were made as follows:

Carthage 39 cents, Ripley township 39, Posey 31, Walker 6, Orange 55, Anderson 34, Rushville 7, Jackson 53, Center 20, Washington 4, Union 15, Glenwood 15, Noble 35, Richland 31.

The largest item in the appropriation ordinance was \$25,000 for new bridges.

It was reported to the council that the total valuation on all taxable property in Rush county as a basis for 1921 taxation is \$69,287,175. The July abstract of property showed \$64,751,685 in valuations which less mortgage exemptions of \$707,775 made the net taxable \$64,043,910. To this was added the assessments of the telephone and telegraph companies, express companies, banks, building and loan associations, public utilities, railroad and interurban lines and pipe lines.

The appropriations to pay the expense of assessing amounted to \$4,780 and were made by townships as follows: Ripley \$405, Posey \$345, Walker \$345, Orange \$347, Anderson \$362, Rushville \$906, Jackson \$330, Center \$353, Union \$302, Noble \$345, Richland \$330, Washington \$350.

Appropriations for county offices were as follows: clerk of the court \$3,390; additional clerk of the court, \$680; circuit court, \$5,285; additional circuit court, \$100; juvenile court (additional) \$250; auditor, \$4,580; treasurer, \$4,000; recorder, \$1,930; sheriff \$4,080; sur- Continued on Page Three

TWO LAW SUITS FILED IN THE CIRCUIT COURT

Hulda McCarty, a Minor, Asks Divorce From Fred McCarty and \$1,000 Alimony

AN ACCOUNT SUIT FOR \$75

A divorce suit and a suit on an account were filed today in circuit court, Hulda McCarty bringing suit for divorce against Fred McCarty, and the Standard Oil Company bringing suit against Harry H. Nelson on an account, demanding judgment in the sum of \$75.

Mrs. McCarty, plaintiff in the divorce action, being a minor, is joined with Nellie Hileman in bringing the suit. She alleges that her husband accused her without cause, and cast reflections upon her virtue. She states in the complaint that they were married on August 26, 1919 and separated September 5 of this year, following a quarrel in which her husband knocked her down a couple of times, she asserts. She also asks \$1,000 alimony.

In the suit for account, the \$75 judgment is asked on an account which the Standard Oil Company, an Indiana corporation, asserts is past due, and can not be collected otherwise.

The jury in the case of the State against Norman Kline of Connersville found the defendant not guilty in court yesterday afternoon, Kline was tried on a charge of speeding, and appealed the case to the circuit court, after being found guilty in police court on June 1.

SCHOOL ENROLLMENT

Increase of 50 Pupils is Noted on Opening Day of School.

The city school enrollment shows an increase of over 50 of last year, and more pupils are being enrolled each day, which will probably increase the attendance this year. There are a total of 337 students enrolled in the high school of which 196 are in the Senior high school and 141 in the Junior department. At the Jackson building there are 221 students enrolled in the different grades; at the Graham Annex, 177; at the Havens building 161 and at the Washington school (colored) there are 31 students. A total of 928 children are registered in the five buildings, with more being received daily.

FEDERAL PROBE IS INTIMATED

U. S. District Attorney Clyne Confers With E. H. Moore, Cox's Personal Representative

FOLLOWS BLOSSOM TESTIMONY

Cleveland Man Confirms Democratic Nominee's Statement His City's Quota Was \$400,000

(By United Press)

Chicago, Ill., Sept. 8.—Charles Clyne, United States district attorney, today conferred with E. H. Moore, personal representative of Governor James Cox, who appeared before the senate committee investigating political campaign expenditures.

Reports were circulated in the federal building that Clyne was considering a federal investigation into the alleged conflicting testimony of some witnesses appearing before the committee.

Clyne said he would make no statement regarding his plans before he had an opportunity of conferring with the full committee conducting the investigation.

He said he hoped to meet with the committee following today's hearing.

The Clyne-Moore conference occurred while Dudley Blossom, of Cleveland was telling the committee of operations in that city of money raising plans which democratic members of the committee said exactly paralleled the Blair plan as outlined in a circular known as Form 101.

This is the plan which Chairman Will H. Hays and Treasurer Fred Upham of the republican national committee told the committee was rejected in favor of a plan of decentralization evolved by Hays.

Blossom then verified Cox's statement in his Pittsburg speech that Cleveland's quota on the Republican campaign was \$400,000.

Blossom said as a divisional director in Cleveland he was told by W. Woodford, county director, that the county quota was that amount.

Republican members of the investigating committee gave notice today that they will hear certain democratic activities later when the committee meets in the East.

COAL STRIKERS IN RIOT

Wilkesbarre, Pa., Sept. 8.—Rioting broke out today in the anthracite coal strike district and for one half hour a large number of men battled at Pittston. State troopers were able to disperse them. Many of the strikers received bruises and other were reported seriously injured.

MAY RELEASE MACSWINEY

London, Sept. 8.—The British cabinet in session today was officially reported to be reconsidering its decision not to release Lord Mayor MacSwiney in view of the overwhelming pressure of public opinion.

SMITH RENOMINATED

Phoenix, Ariz., Sept. 8.—United States Senator Smith appeared to have been renominated by the democrats on the basis of early returns today from yesterday's primary.

FINISH PLANS FOR DINNER PARTY

Township Chairmen and All Members of Dinner Serving Committee to Meet Saturday

TO BE SERVED AT CITY PARK

Members of Organization Who Are Classed as Retired Farmers Expected to Provide Dinners

There will be a meeting Saturday at two o'clock of all the chairmen, both ladies and men, and all members of the dinner serving committee of each township, at the court house, for the purpose of making final arrangements for the county dinner party that will be given by the Rush County Farmer's association to the business men of the county, in this city on September 17. The dinner party will no doubt be the biggest affair of its kind ever given or undertaken in this county, and it is necessary that plans be worked out in detail for uniform and satisfactory service.

The chairman from each township organization has also been asked to appoint four of his livest members to act as assistants and have them attend the meeting Saturday afternoon. Everyone is urged to take special interest in having their own township make the most creditable response.

With the township committee in session Saturday afternoon, it is expected that the final arrangements will be mostly completed, but there will probably be another meeting Monday night of all committees, at which time a whirlwind finish will be made.

As has been explained previously, the purpose of the farmers' and merchant's dinner party is to create intimacy between the farmers and business men of the county. Last spring the business men of Rushville invited the farmer here for a dinner, and a big day was enjoyed by over 1,500 farmers, who were served dinners.

The Rush County Farmers' association decided to repay the business men, and will attempt to go them one better, and will provide the dinner in the city park on Friday, the 17th.

Officers of the organization wished to impress again that all members and their families or visitors are invited to attend and bring well filled baskets. Any farmer who intends to become a member on that day, is also invited to attend, with his family, and become a member on that day.

The officers also wanted it understood that the dinner party was not to be given wholly for Rushville Continued on Page Six

Victors in Live Stock Judging Contest at State Fair—Henry County Boys Winners

TWO ARE AWARDED MEDALS

Indianapolis, Ind., Sept. 8.—The Blackford county team of three boys won the boys live stock judging contest at the Indiana state fair, the \$200 trophy and the trip to the International Live Stock Exposition in Chicago, it was announced today.

Lowell Beavers, a Henry county boy, proved to be the best individual live stock judge in the contest and won a \$100 scholarship to Purdue university.

The best individual judges in the respective classes each winning a medal were: Horses, Lowell Beavers, Henry county; beef cattle and sheep, Herman Magee of Henry county.

The contest is conducted each year under the auspices of Purdue university and a total of 36 county teams competed this year. The boys were taken to the union stock yards and the packing houses here this morning and following announcement of the winners at noon at the fair grounds.

PASS NEW CITY RATE SCHEDULES

Councilmen Will Petition State Public Service Commission to Increase Revenue

WILL BRING IN \$6,700 MORE

Petition Asks Permission to Raise Electric Power Rates and Water Rates Slightly

A new schedule of rates for water consumers and electric power was offered by a committee last night which investigated the matter, and the new schedule was presented to the councilmen, who in turn passed a resolution instructing the committee to present the petition to the public service commission for their approval of the rates.

Under the revised schedule, the domestic consumer will not be affected by any increase in electric rates, but the water rates will be doubled on the monthly minimum basis, which at present time is 33 1/3 cents, and under the proposed increase will amount to 66 2/3 cents a month.

Because bills are rendered every three months in this city, the water will amount to \$2.00 a quarter instead of \$1.00, or \$8.00 for a year, instead of \$4.00 as at present.

These rates will apply only to those consumers who use the minimum amount each three months, and affects 80 percent of the water consumers in Rushville.

Those who are heavier users of water will be charged the following rates, under the proposed schedule:

3,000 cubic feet, \$2.00
Next 3,000 cu. ft., \$1.75.
Next 5,000 cu. ft., \$1.50.
Next 5,000 cu. ft., \$1.25.
Next 5,000 cu. ft., \$1.00.
Balance 75 cents.

The electric power rates, which will affect industries in Rushville using electricity to operate motors, were given a slight increase, and a two cent rate at present charged for heavy users, will be discontinued, with 3 cents being the lowest available rate.

The new schedule, as proposed is as follows:

500 K. W. H. for .05 K. W.
Next 500 K. W. H., .04 K. W.
Next 500 and over, .03 K. W.

An equalizing rate of 50 cents for each horse power motor is also offered in the proposed rates, which will bring the total up slightly.

Superintendent Mahin stated that the proposed rates will bring the city \$6,700 additional revenue in one year, which is divided as \$3700 from water and \$3,000 from electricity under the new rates.

Before these rates can be put Continued on Page Three

TEN-YEAR-OLD BOY STRUCK BY MACHINE

Deloris Wilson, Son of Mr. and Mrs. Donald Wilson of New Salem, Has Miraculous Escape

WHEEL RUNS OVER HIS HAND

Deloris Wilson, ten year old son of Mr. and Mrs. Donald Wilson of New Salem, was struck by an automobile in New Salem late Monday evening, and was painfully bruised, but not seriously injured, which is considered a miraculous escape, after being struck by the machine, and thrown to the ground.

The small boy, in company with others, was in the street playing ball, and in running for a ball down the street, ran into a large touring car driven by the owner of Taylor's Furniture store of Indianapolis. The front wheel struck the boy, and threw him to the ground, and ran over one of his hands.

The boy was not rendered unconscious, but his hand was badly mashed and bruised, and he sustained several other injuries. He was able to be out today and attended school, and aside from the injured hand, he will not suffer from any injury.

TO HOLD INDOOR CARNIVAL

St. Mary's Catholic Church Announces One Night Entertainment

An indoor carnival will be held at St. Mary's Catholic church hall Thursday night, it was announced today. The carnival will be held in place of the annual outdoor carnival which has been given for several years by the young men of St. Mary's church. It was decided not to hold the outdoor carnival this year because the weather has been so unsatisfactory for such an event. A number of attractions have been arranged for the Thursday night entertainment and there will be the usual number of refreshment stands, as well as as number of attractions.

ORDINANCE IS PUT ON FIRST READING

City Council Prepares for Rushville to Move From Fifth to Fourth Class

WILL BE NO NEW OFFICES

Petition For Paving Block of Water and South Morgan Street Filed at Regular Meeting

An ordinance was placed on first reading last night at the regular meeting of the city council, in which the city of Rushville automatically passes into a fourth class city, but will continue under the rules of a fifth class.

The ordinance abolishes the office of city judge, and confers this duty onto the mayor, or police judge. The offices of the two boards, the board of public works and public safety, were also abolished, as the different committees of the council can take care of these positions.

The office of city comptroller was also abolished and these duties will be placed in the hands of the city clerk. The salary of all officials will be the same under the fourth class as under the fifth class except the city treasurer, who will receive an annual compensation of \$1,500.

The ordinance will be in effect after its passage on third reading by the council.

Two petitions were filed last night with the council, one signed by O. L. Carr and the other headed by the Humes-Kirkpatrick garage company and several property owners in South Morgan street, asking that Water street, west of Main and over to Morgan, then north to First street, be paved with concrete.

The proposed paving will be in the form of a letter "L" and will connect with the paved streets on First and Main streets. The matter was carried over until the next meeting night.

J. J. Amos, living at Fifth and Main streets, was granted permission to gravel an alley at the rear of his property between Morgan and Main streets.

The attention of motorists driving at excessive speed in the vicinity of school buildings was brought to the attention of the council, and a committee was appointed with power to act, to investigate the price of buying metal signs to be placed around all school buildings, to warn motorists to slow down for the school buildings.

The matter of replacing a heavy concrete traffic post at the corner of Second and Morgan streets to take the place of the one which was destroyed by a machine the other night, was taken up, and a committee was appointed also to see about placing electric lights on all stationary posts to give warning to motorists.

People must refrain from tacking posters and bills on telephone poles and city electric poles. An ordinance prohibits this, but recently several posters have been tacked and nailed on the posts and an employee of the city water and light plant received a bad injury the other day, when his arm was lacerated by a nail in the post, which had been left by someone tacking a sign or Continued on Page Six

MUST STAND ON HER OWN FEET

Harding Says Nation Needs to be Independent Agriculturally, Industrially and Politically

SPEAKS AT ST. PAUL, MINN.

Declares Agriculture is Menaced by Evils Which Can't be Cured With Quack Remedies

By RAYMOND CLAPPER

(U. P. Staff Correspondent)

State Fair Grounds, St. Paul, Minn., Sept. 8.—America must stand on her own feet, agriculturally, industrially, and politically, Warren G. Harding declared in a speech at the Minnesota state fair here today.

"We are then the guarantors of our own security," he added.

Agriculture is menaced by evils which demand not quack remedies, but careful study and proper action, the Republican nominee continued. Unless we deal more fairly, he warned, there may come a conflict between the organized farmers in the surplus producing states and those who insist on buying their crop below production costs.

"We need fewer land hogs who menace our future and more fat hogs for ham and bacon," Harding said. "We need less beguilement in cultivating a quadriennial crop of votes and more consideration for farming as our basic industry. We need rest and recuperation for a soil worked out in agitation and more and better harvests in the inviting fields of mutual understanding."

Harding put seven planks in his agricultural platform today.

Farm representation in government; right of farmers to co-operative organization; scientific study and action toward stabilizing prices of farm products; cessation of attempts at price fixing on food stuffs; expansion of the federal farm loan act to aid farmers purchase land; most efficient transportation possible; revision of the tariff to protect the American farm.

Harding's speech today was the first outside of Ohio since he became the Republican presidential candidate. Although induced to come to Minnesota partly because of the political situation here, Harding Continued on Page Six

TOTAL REGISTERED WILL NOT REACH 10,000

With Reports From Four Precincts Lacking, The Total Today is Now 7,895

MEN ARE LEADING THE WOMEN

With reports still lacking today from four of the thirty-one precincts in the county, it was apparent that the total number of men and women registering last Saturday would not reach 10,000, which was indicated by early returns.

Five more precinct reports have been received at the auditor's office since yesterday, bringing the number registered up to 7,895. The number registering in the two precincts in Walker township, Center No. 2 and Noble No. 2, would have to average better than five hundred each to make the total 10,000, which is regarded as improbable. In the five precincts reported today, the men exceeded the women in every instance, making the totals at present 4,387 men and 3,528 women registered.

Clerks at the auditor's office today began making two copies of the registration lists to be given to the two political parties. Reports received today follow.

Precincts	Men	Women	Total

NEW SERVICE TO EXPORTERS

U. S. Members Take Advantage of New Catalog File System

(By United Press)

Paris (By Mail)—American exporters are quickly taking advantage of the new catalog file system recently inaugurated at the offices of the American Chamber of Commerce here.

The purpose of the device is to keep before European buyers regular issues of catalogs of American number firms. Along with the file is kept a card file listing the products offered by the American firms under ten or more headings.

Chamber officials point out that under this system preliminary correspondence is eliminated.

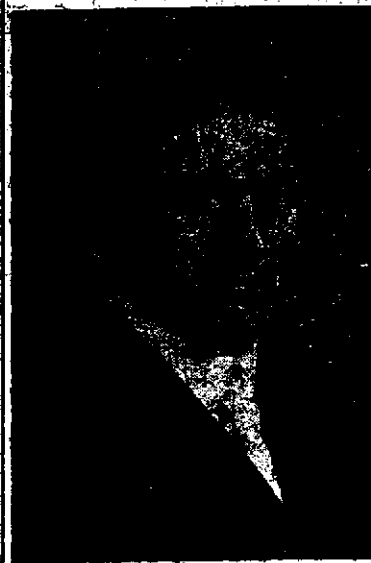

Policewomen in Europe.

The Swedish cities of Stockholm and Gothenburg were among the first in Europe to have women police.

JOHN A. KNECHT

The owner and manager of the Buick and Chevrolet Sales and Service Station in Rushville does not need any introduction to the public. He is widely known in Rushville and Rush county, having spent all of his life in Rush county.

Until 1910 he was engaged in active farming when he formed a partnership in the automobile business

JOHN A. KNECHT

with Ray Thornburg of Connersville, which firm did a successful automobile business for one year, and in 1911, Mr. Knecht bought Mr. Thornburg's interest and sold a half-interest in the business to Edmund Gartin also of this county.

The firm of Knecht & Gartin made much history in the automobile business in this county, and was very successful. In June, 1919, Mr. Knecht bought the interest of Mr. Gartin and has since run the business himself.

Mr. Knecht and his partners started the first Buick agency in this county, and has sold the Buick cars in Rush county since 1910. He is known as a pioneer automobile dealer of Rush county.

Mr. Knecht has not only made a very big success in farming and the automobile business, but has made hundreds of friends and customers. He is known to his many friends as just plain "John." He is generous and pleasing to meet and will always give the public a square deal.

THE NEW BUICK MODELS

"For twenty years the Buick Motor Company has adhered steadfastly to definite principles of motor car design and manufacture," says E. T. Strong, general sales manager Buick Motor Co. "The reward to owners and dealers as well as to the builder, for this unwavering fidelity to policy and concentration of energies has been seen year after year.

"And the highest pinnacle in this long period of Buick development has been reached in the new line for 1921.

"There are seven models for the new season, including three open and four closed body types. While they have retained those qualities that have been adopted as standards of mechanical excellence for two decades, improvements have been added to increase either the convenience or the long life of the cars.

"The casual observer on the street or in the showroom will note that the most striking change is in the new lines of the body, top, radiator, hood and cowl, which blend into a harmonious whole of rare and graceful beauty. Yet, there is nothing spectacular or radical in the new lines and those familiar with Buick methods will understand that the outward appearance merely betokens the inner goodness of the new Buick.

"Since the opening of the previous season, the Buick valve-in-head motor, even at that time brought to a high state of perfection, has undergone strenuous tests in the Buick research and experimental laboratories. And it has passed from the engineers' hands a more refined motor, capable of greater service with less exacting demands upon the driver for adjustment and attention.

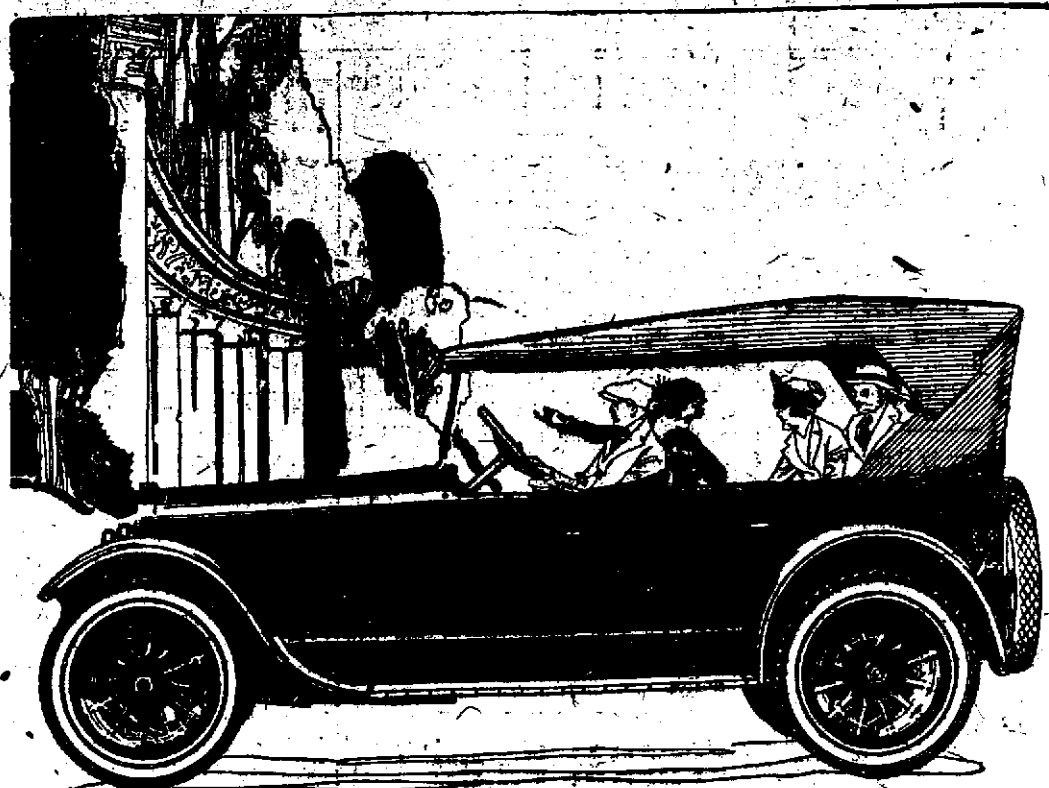

"Throughout the entire chassis mechanical changes have been introduced wherever possible to make for easier adjustments and ease of working parts. For example, the clutch can now be readily adjusted with a wrench directly beneath the floor board.

"It is no longer necessary for one to get under the car in order to drain oil from the crank case. Just inside of the hood there is a handle which operates the plug in the crank case. In a similar way, water may be drained from the radiator by turning an extended handle placed within convenient reach.

"Another illustration of Buick attention to detail is seen in the accessibility of batteries in closed cars, which are provided with a small door in the floor board over the battery box. The springs on all closed cars have been re-designed to insure the smoothest riding qualities over rough roads.

"Owing to the growing demand for a more roomy and luxurious roadster

BUICK

STURDILY built—designed for power and dependability, possessing grace and beauty in every line—the new Buick Nineteen Twenty One series signally upholds the traditions that have made the name Buick a notable word in the automotive industry.

Two decades have more than justified the unwavering fidelity to the accepted engineering ideals to which Buick stands committed. The same rugged Valve-in-Head motor refined is a distinguishing feature of every model.

In appearance, the Buick Nineteen Twenty One series is notable for

the harmonious blending of low, graceful body lines; in appointments, for those added refinements that so materially increase the pleasure and comfort of motoring.

In addition to the general features of the new models the Buick Five-Passenger Touring Car (Twenty One Forty Five) possesses a roominess of tonneau and new arrangement of seating that afford occupants the utmost in riding comfort. For the business man or his family, for the needs of city driving or country driving, this model excels because of its capacity for varied service.

interior has been re-arranged too and an extra seat swings under the cowl.

"The two new Buick sedans for five and seven passengers, Models Twenty One-Forty Seven and Twenty One-Fifty, are bound to make an even wider appeal than they have in past seasons. The improvements have been plentiful and each change fits in with the spirit behind a beautiful, dependable car.

"These two models have many things in common, differing only in chassis length and in appointments and refinements that distinguish the more luxurious sedan. They are powered by the same Buick Valve-in-head motor and graced by the same rich body lines.

"All of the closed cars are equipped with a storm proof windshield, anti-glare sun shade and water-tight doors—considerations that make protection a thing realized in all kinds of weather.

"In the complete line, the Buick Motor Company sees that a new quality has been established—a quality that has logically resulted from twenty years' experience in building a motor car according to accepted engineering standards. Master craftsmen, always finding new ways to express their skill, have taken great pride in the Twenty One Models. They have accomplished that wonderful thing in making a highly dependable piece of machinery an

unusually beautiful object. They have created a type of design which, pleasing to look at the first time, becomes a source of greater pleasure the more often it is seen.

"But, elegant as they are, the new cars are more likely to be conspicuous for their power and performance, their ease of control and comfortable service. For Buick engineers have not directed their efforts toward any single thing. They have rather developed all of the details that make up complete motoring satisfaction. And their accomplishment is nothing short of remarkable.

"Buick cars, which have never been built to a price, have always been good values in personal transportation. And it takes little investigation for one to realize that Twenty One values are the biggest of all.

Deficiency appropriations recommended by the commissioners and passed by the council were: board of review, \$570; board of trustees, \$10; court house expense, \$210; tax refund, \$200.

Poor relief appropriations for townships, totaling \$4,600, were made as follows: Ripley \$200, Posey \$200, Walker \$150, Orange \$150, Anderson \$500, Rushville \$250, Jackson \$100, Center \$150, Washington \$150, Union \$250, Noble \$100, Richland \$150.

PASS NEW CITY RATE SCHEDULES

Continued from Page One
into effect, the public service commission must pass upon them, and give remonstrators a chance to be heard. The councilmen have taken the matter up in person with the different members of the commission and were informed that the rates here were too low, especially for water.

The commission offered two ways in getting the rates increased: Either to ask for a hearing in this city, and let the commission decide upon the rates, or for the council to prepare a schedule and petition for the increase under their proposed schedule. The latter method will be followed, as the commission would no doubt increase the rates higher than the proposed rates, and the councilmen want to give the people a fair show, and feel that the \$6,700 increase will meet the requirements.

Another phase of the water rates will probably be taken up with the commission. Several instances were pointed out where people living at ends of certain streets, or in other places where the water mains don't reach, have been supplied with water. One instance was cited where it cost the city over \$300 to extend the mains for one water consumer, and that in two years, the city has received on the investment only \$4 a year, the minimum rate for a water consumer. Another incident was cited which happened six or seven years ago, when \$600 was spent by the city to reach only one consumer. This consumer used water only one year at a flat rate, and then discontinued the water. The \$600 line was idle for six years, and only last year the consumer again began using it, and is paying \$4 a year on the \$600 investment.

The councilmen propose to take this matter up with the commission, pointing out that it is money wasted to extend lines for one or two consumers. The commission recently stated that no extension should be made if it would not bring ten percent on the original investment, and the councilmen want this understanding to be embodied in the new rates.

OTTIE APPEARS CHOICE

Reno, Nevada, Sept. 8.—Meagre returns from yesterday's primary in Nevada gave Former Governor Oattie a small lead over the Rev. Brewster Adams for the republican senatorial nomination. Returns were so incomplete the result was still in doubt. Senator Henderson had no opposition for the democratic nomination.

He Wanted a Plenty

John Hall, a professor in a college at Salem, Oregon, who was an employee of the Emergency Fleet Corporation during the war, wrote Senator Harry S. New, chairman of the Republican Speakers' Bureau, stating that though he was a Wilson

Democrat he was at heart a Republican, and offering to "swing the Scandinavian vote" and assist the Non-partisan League for the Republicans for a consideration.

His consideration was \$7,500 and expenses of \$10,000 including expenses and the promise of a non-political job upon the election of Senator Harding. The same, he said, had been offered him by the Democrats.

Sen. New read Professor Hall's letter while testifying before the Senate committee investigating campaign funds. It was one of the amusing incidents of the hearing.

In replying to Professor Hall, Senator New said that Republicans were unable to meet his figure.

"Where is he now?" Senator Spencer, one of the investigating committee, asked.

"In the employ of the Democratic committee," Senator New answered. "He is head of the Scandinavian bureau in New York City."

Let 'Em Object

You have noticed, no doubt, that some well intentioned people are always objecting.

No matter what kind of a suggestion is made or proposition is advanced, they object. Not always to the suggestion in its entirety, but

more frequently to some of its salient features.

A few will tell you that they are a nuisance, always throwing cold water upon every project.

But are they?

When a proposition is put before the people of any community it should be subjected to every reasonable test before it is adopted. Every weak point should be detected and eliminated or its weakness corrected and strengthened.

If left to the judgment of optimists entirely it is in danger of being rushed through without proper consideration.

If the objector is on hand there will be no such haste.

Some of his objections may be wearisome, but others will be valuable.

It is human nature for him to ferret out something to which he can object, and the more he objects the more certain we are to avoid the danger spots.

Let him object. It pleases him and is good for the community.

Ed Moore, Gov. Cox's "Colonel House" is musing up the situation with respect to the republican "slush fund" considerably. He testified before the senate committee yesterday that the goal for the fund was \$15,000,000. Franklin D. Roosevelt first announced it was \$30,000,000 and along came Gov. Cox with the assertion that it was \$15,000,000. And the senate committee has not yet discovered that it ever existed.

A Lewiston, Maine woman smoked a cigar when she was given the right to vote, declaring that she vowed years ago that if she ever voted she would smoke. It is hoped, however, that other women will not take their new privilege as seriously.

Poor old Maine has to act as the political barometer this year. And it makes no difference who carries the state, there will be plenty of opportunity "to view the result with great optimism" or see the returns as a sure sign of a great victory for the party in November.

Sap and Salt

By BERT MOSES.

The worse the movies get, the more the people seem to like them.

Bad teeth have supplied the undertakers with a lot of business.

Many a quarrel begins over a difference of opinion as to what a joke is.

Thousands must die to supply a reason for putting up a monument for one man.

Hiz Heck says: "The supply of Truth is limited, and so is the demand for it."

People deserving a lot of credit are those who do the best they can with what they have to do with.

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When used as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The League Flunked (New York Tribune)

Lloyd George, in his frank way, has blurted out the true reason why the machinery of the League of Nations has not been used in the Polish crisis. "The league," the British Premier told the House of Commons, "cannot operate where there is no unanimity, and it is quite clear that the Allies have not the same views regarding Russia and Poland."

The league covenant in form binds the league members, when a dispute arises between a league member and a non-league member, to summon the non-member (in the present case Russia) to join for the purpose of the controversy. If it does not respond, then the league members agree to take common action in behalf of the non-member. The language is plain, yet not a hand was raised to apply it to Russia's invasion of Poland. As a working organization the league blew up—the covenant became a mere string of barren words.

Except there is in fact an alliance based on a community of policy which shall exist independent of the league it is futile as a peace enforcer. It has no will or power. As The Tribune has wearied its readers in pointing out, there is only one kind of league carrying assurance of peace. This kind is not the covenant kind.

It was such a league as was functioning two years ago—a league with power and animated by a common purpose. When he went to Europe President Wilson devoted himself to destroying this league. He succeeded. He created suspicion where there had been trust—disharmony where there had been harmony. He quarreled with Italy, almost forced a break with France, and made his scheme ridiculous to Great Britain.

The President may have thought he was promoting a peace league. But his personal beliefs do not alter the fact that he was not—that instead he was disintegrating a league, that was functioning.

TAKE PRIZES IN EACH CLASS THEY ENTERED

Leach and Peters, Local Rabbit Fanciers, Won 2 First, 2 Thirds and Fifth at Fair

9 HEAD OF 2 BREEDS IN SHOW

Leach and Peters, local rabbit fanciers, won three firsts, two thirds and a fifth with the nine head of rabbits which they have at the state fair this week, being in the money in every class in which their stock was entered. They received some fancy offers for some of their show stock.

In the Flemish Giant breed show, they won first money with one entry in the class for junior natural gray bucks. Two of their three entries in the class for junior steel gray does won first and third prizes. In the senior natural gray doe class, the local men's lone entry was fifth.

In the showing of the New Zealand Red breed, one of their three entries in the junior doe class won first; premium and in the junior buck class, their one entry was placed third.

The Rushville fanciers reported the rabbit show was the largest display ever soon in Indianapolis. Nearly the entire poultry room is devoted to fancy rabbit stock this year and the poultry show has been moved to floral hall. The entries are imported stock and come from several states.

Amusements

"Nurse Marjorie" at the Princess

Mary Miles Minter takes the leading role today at the Princess in, "Nurse Marjorie" a feature attraction, starring the young actress.

Much against the wishes of her parents, Duke and Duchess of Donegal, Lady Marjorie takes up nursing as a profession and enters a sanitarium. She is known to her co-workers as Nurse Marjorie and is assigned to care for two patients—Dick, a motherless boy, and John Danbury, an influential member of the House of Commons.

Danbury has undergone an operation for a squint. When the bandages are removed he beholds the beautiful Nurse Marjorie and falls desperately in love with her, but Marjorie devotes most of her time to the little orphan. Danbury does not know that Marjorie's other patient is a child, and is piqued because some one is preferred to him. The byplay develops many very humorous situations.

Danbury, fully recovered, is forced to leave the hospital. He traces Nurse Marjorie to her supposed parents home. Here, Marjorie puts him through an ingenious test of love. Lord Fitzrevel, another suitor, who knows Nurse Marjorie's identity, comes on the same day for his answer. Startling things happen.

It is not till Danbury is shot while addressing a crowd of workmen, that he is able to claim the erstwhile Nurse Marjorie and with love as a tremendous factor all troubles are forgotten.

Drama of the Frozen North

"Camille of the Yukon," a powerful drama of the frozen North, adapted from Larry Evans' great story, "The Silent Lie" is to be presented by William Fox at the Mystie Theatre today.

The story centers around Lady Lou, stepdaughter of one Hatfield. She is the subject of the father's hatred because of her mother's unfaithfulness. She loves Jean Moreau, a trapper. When Moreau is being cheated out of his fortune by Hatfield, Lady Lou exposes her father, and he is forced out of Salmon Creek, taking his daughter with him. Hatfield abandons her in the snow during a blizzard, and Lady Lou is rescued from death by Steve Conahan, a fur trader, who later marries her.

In her new life Lady Lou is happy until the reappearance of Hatfield, who tells her husband she has been a dance hall girl and is no better than her mother who had run away with a half-breed. Conahan leaves Lady Lou, but is induced to return by the parish priest. The cast includes Miriam Cooper, Monroe Salisbury, Charles Gray, Ralph Lewis, Henry C. Barrow, Howard Davis and William Eagle Shurtan.

How Women Are Often Cheated Out Of Their Best Years

Physician Explains How Many Women Undermine Their Health and Wreck Their Happiness by Letting the Iron in Their Blood Run Low Tells How Organic Iron, Like Nuxated Iron, Helps Strengthen the Nerves, Put Roses in The Cheeks and New Vigor and Health In The Veins Of Pale, Careworn Women.

Lack of iron robs the blood of its power to make firm and healthy tissue, brain, and muscle out of the food we eat and the oxygen we breathe, and turns a woman with rosy cheeks, sparkling health and boundless energy into one who is pale, run-down, tired and hopeless. Her thin, watery blood, lacking strength-giving iron, under-nourishes her body and brain and robs her of her natural energy and cheerfulness. She loses interest in life and cannot enter into the normal healthy pleasures of those about her. She is literally cheating herself out of the best years of her life, when she might, in most cases, quickly regain her strength and vitality by feeding her blood with organic iron—Nuxated Iron.

The alarming deficiency of iron in the blood of so many women of today has been explained by a number of doctors as being due to the abnormal, as well as the normal, life, as well as to the modern diet, and our refined, unnatural diet. These all tend to drain the natural iron from the blood faster than the body can replace it without assistance. Under these conditions we should feed the blood with organic iron, and Dr. James Francis Sullivan, formerly of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, explains below why organic iron, like Nuxated Iron, is administered to nervous and run-down women to make them stronger, healthier, and happier.

"Every woman has the right to years of vigor and health. But many a woman cheats herself of her best years by allowing lack of iron in her blood to undermine her health. To me the saddest feature of modern life is the number of women who, because of weakness, cannot regain happiness and health. Doctors' offices are filled with women who are constantly tired, pale, sickly, uninterested in life. I am convinced that many of these women, by simply getting iron in their blood, might readily build up rich red blood, increase physical energy, and get themselves

Where Are My Best Years Going?

into a condition to ward off the millions of disease germs that are almost continually around us. To put the necessary iron in the blood, I have prescribed Nuxated Iron many, many times, and I have seen frequent instances where it gave renewed strength and energy, increased power of endurance, steady nerves, and the rosy bloom of health in about ten days or two weeks.

NUXATED IRON

For Anaemic, Nervous, Run Down People

past Conference year, have been very pleasant. These congregations are planning a get-together meeting for next Sunday, an all day farewell meeting for the pastor, F. M. Westhafter and his wife, as they are expecting to retire from the pastorate on account of her failing health. Dinner will be served at the noon hour for all who can participate. People of other denominations will take part in this service. It is planned to make the meetings of most fraternal nature.

HER HEART FULL OF GRATITUDE NOW

Mrs. Bettie White, of Evansville, Says Tanlac Has Overcome Her 39 Years of Suffering.

"After suffering with rheumatism for 39 years, I am now a well and happy woman and I owe my recovery to Tanlac," said Mrs. Bettie White, 133 Cutler Ave., R. F. D. No. 8, Evansville, Ind.

"My rheumatism had been rapidly getting worse for the past six years until I couldn't get in or out of bed without help. I couldn't raise my hand to my head to comb my hair, and couldn't hold anything in my hand. My toes were cramped and my knee joints were so stiff I had to have help to get my shoes on and off and sometimes my feet were so swollen I couldn't get my shoes on at all. For two weeks I had to sit day and night in a chair with my head propped on a pillow. My nerves were badly shattered and I suffered so from pain and worry that it looked like there was no hope for me.

"I tried all kinds of medicines but nothing did me any good until a friend suggested Tanlac. I have now taken three bottles, I can lie down in bed now and sleep like a baby. I can walk down town, comb my hair or do most anything else I want to do and never have any pains from rheumatism. My knee joints have quit hurting me, my toes have straightened out and I can hold a pen in my fingers to write. My nerves have quieted down and my mind is at rest, for I feel such a wonderful ease or relief from being well again."

Tanlac is sold in Rushville by E. B. Johnson Co., in Milroy by Dallas Copper, in Maquila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hopkins, R. R. 2—Adv.

The Woman's Home Missionary Society of the St. Paul's M. E. church will meet in the church parlors Thursday afternoon at 2:30 o'clock. The membership is urged to be present as this is the first meeting of the new year.

Miss Jean Sparks assisted by Miss Josephine Scholl, delightfully entertained the members of the Psi Iota Xi sorority yesterday afternoon at her home in North Main street. Those present enjoyed the evening socially, which was followed by the serving of refreshments.

Fifty couples attended the dance given at the Modern Woodman Hall in West Third street last evening under the auspices of the Phi Delta Kappa fraternity. The Farley's Feature Five orchestra of Ft. Wayne furnished the music throughout the evening. Guests were present from Indianapolis, Shelbyville, Connersville, Knightstown and Newcastle.

The G. H. club was entertained at the home of Mr. and Mrs. Harry York, west of Glenwood, Sunday, with a delicious pitch-in dinner, honoring their eleventh wedding anniversary. Those present were Mr. and Mrs. E. W. Ruff, Mr. and Mrs. F. E. Brooks and their guests, Mr. and Mrs. Elmer Darnell of Rushville, Mr. and Mrs. Russell Ruff, Mr. and Mrs. Meyer and daughter Mildred, Mr. and Mrs. Elmo Hires and children Cedric and Rosemary.

The W. R. C. Penny Social was delightfully entertained yesterday afternoon by Mrs. Sarah Guffin at her home in North Morgan street. Twenty-four members and four children were present for the meeting. Fall flowers, cosmos, asters and nasturtiums, were the decorations for the home. Following the business session an interesting program which was given. Mrs. Ben Goodwin had charge of the program which included a reading by Mrs. Gates Ketchum and a poem by Mrs. Margaret English. Mrs. English conducted a contest which consisted of guessing the names of trees and Mrs. Selman Webb was the winner. During the business session the social decided to send the jelly and fruit, they had left from serving the dinner to the reunion of the 123rd Indiana regiment of the Civil War, to the Soldiers and Sailors home at Lafayette, Ind. At the close of the program the hostess served a delicious luncheon.

MUST STAND ON HER OWN FEET

Continued from Page One

made no reference to it or the farmers non-partisan league action here. His speech was without direct reference to partisan politics, although he scored the treatment accorded the farmer in the last seven years.

The government should do everything possible toward restoring a balance between livestock and grain production to encourage a return to diversified farming, Harding asserted. America must decide whether the United States shall be a self-sustaining nation or continue to exploit agricultural resources and leave to posterity the task of finding food enough by strong arm methods if necessary," to feed the coming hundred of millions, he declared.

"I have no thought of suggesting that the government should work out an elaborate system of agriculture and then try to impose it on the farmers of the country," Harding continued.

"That would be utterly repugnant to American ideals. Governmental paternalism, whether applied to agricultural or any other of our great national industries would stifle ambition, impair efficiency, lessen production and make us a nation of dependent incompetents. The farmer requires no special favors at the hands of the government. All he needs is a fair chance and such just consideration for agriculture as we give to others, and ever seek to promote for our common good.

Reviewing efforts of farmers to organize for their own protection, Harding sounded a warning for fair treatment lest producers and consumers fall into a conflict.

"We have witnessed the restricted production of manufacturers and labor, but we have not yet experienced the intentionally restricted production of food stuffs," he added. "Let us hope we never may."

Harding again denied he has recently urged dollar wheat; taking cognizance for the second time of a campaign rumor circulating in rural regions.

Quoting census figures to show a drift of peoples to the cities, Harding warned the time may come when American farms cannot supply enough food for this country. He paid tribute to the patriotic work of farmers in raising war crops, but acknowledged the losses they have suffered therefrom and pleads for return to normal and resumption of the "onward road" again.

"If we shall determine to build up here a self sustaining nation then we must at once set about the development of a system of agriculture which will enable us to feed our people abundantly with plenty to spare for export in years of plenty and at prices which will insure the farmer and his family both financial rewards and educational, social and religious living conditions fairly comparable to those offered by the cities. A sound system cannot be maintained on any other basis. Anything short of a fair return upon invested capital and a fair wage for the labor which goes into crops and enough in addition to enable the farmer to maintain the fertility of his soil and insure against natural hazards will drive large numbers of farmers to the cities."

ORDINANCE IS PUT ON FIRST READING

Continued from Page One

bill to the post.

The matter of a threatened law suit against the city was touched upon lightly last night by Mayor Irvin, when he stated that an attorney representing Mrs. Herman Kennedy, was thought to be getting ready to bring the suit. The woman's husband was an employe at the fire station, when he is said to have received an injury which developed into a disease that caused his death. The suit will be brought under terms and conditions of the Workmen's Compensation and Employers Liability acts, it is reported.

TO FINISH PLANS FOR DINNER PARTY

Continued from Page One

merchants, but that every merchant in the county was invited as their guests.

Members of the organization who are classed as retired farmers, and live in Rushville or the smaller towns, will be considered as members and not guests, and must bring their baskets, the same as the member who lives in the county.

WAYNE PEA DIES

Wayne Lamoine Pea, 2 1/2 months old son of Mr. and Mrs. William Pea, 129 South Pearl Street, died shortly after noon yesterday, death resulting from summer complaint. The funeral services were conducted this afternoon at four o'clock at the late residence in charge of Capt. Marks of the Salvation Army, and burial was made in East Hill cemetery.

Sunlight for Malaria.

Dr. G. Viale reports to Pollicinico (Rome) that cases of long rebellious malaria improve rapidly when the nude trunk is exposed to the sunlight for several hours after each dose of quinine.

LIKE GOOD WAFFLES? TRY THIS RECIPE OF MRS. HARDING'S.

Chicago, Sept. 8.—A Chicago woman, who has for some years been collecting the pet recipes of all the prominent women of this country, has now added one more to her collection—the waffle recipe of Mrs. Warren Harding, the wife of the Republican Presidential nominee, of Marion, Ohio.

Mrs. Harding is said to bake the best waffles of any woman in country and this is her recipe.

Two eggs, two tablespoons sugar, two heaping tablespoons butter, one pint of milk, one pint flour, one heaping teaspoons baking powder, one teaspoon salt. Beat yolks of eggs, add sugar, salt, milk and flour, next add melted butter. Just before ready to bake add baking powder and beaten white of egg. Cook in waffle irons. Eat on empty stomach. Use plenty of butter and maple syrup.

Why You Should Trade With Us

But on second thought we will let our customers tell why they trade with us. Just ask any of them the next time you meet them. In the meantime do a little trading with us yourself—find out for yourself.

Everybody knows what we sell—nearly everybody knows what close prices we make and the service we give.

We want everyone to know these things and to appreciate the advantage of trading with us.

Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its Strengthening, Invigorating Effect.

The Syrup is flavored and children love to take it. Contains no Nux-Vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother and The Grandmother with perfect safety.

Grove's Iron Tonic Syrup

Price 60 Cents.

MAINE POLITICS IS BEING WATCHED

Only State Which Will Have Election Prior to National Campaign for State Offices

WILL TAKE PLACE THIS MONTH

May Show Trend of November Election Some Politicians Think—Watch Women's Votes

(By United Press)
Augustus, Me., Sept. 8—Maine is now in the throes of a warm political campaign which is being watched with interest by the entire country, as it is the only state in the union which elects a governor, state auditor members of Congress, county officers and members of the legislature in advance of the national election.

For many years the September vote in Maine has been considered as a barometer throughout the country as to how the people feel towards national affairs.

Maine is generally conceded to be a Republican State, but leading Democrats are confident that their candidates will make a good showing, perhaps winning. The Republicans claim, of course, that they will be successful pointing to the fact that if the votes gets out they will "clean up the state". The Democrats, however are preparing a strenuous campaign in order to win or to keep the Republican majority as low as possible.

Col. Frederic H. Parkhurst is the Republican candidate for governor, having defeated Gov. Carl E. Milliken, who was seeking a third term, in the primaries. The Democratic nominee is E. Brant G. McIntire of Norway, a business man, and former sheriff of Oxford county and for six years chairman of the board of state assessor. He was the candidate against Governor Milliken two years ago.

The present state auditor, Roy L. Wardwell of this city, is a candidate for re-election while his Democratic opponent is former representative James J. Neilon of Biddeford.

Carroll L. Beedy of Portland is the Republican candidate for re-election in the first district while Congressman Wallace H. White, Jr. of Lewiston, John A. Peters of Ellsworth, and Ira G. Hersey of Houlton, all Republicans, are candidates for re-election in the second, third and fourth districts. The Democratic candidates for Congress are Frank H. Haskell of Portland in the first district, Wallace Price, Richmond, second; Archie Towle of Oakland in the third district and Leon G. C. Brown of Milo in the fourth district.

The Republican list of speakers includes United States Senators Henry Cabot Lodge of Mass., Geo. H. Moses, of New Hampshire, Wm. M. Calder of New York, and Joseph Frelinghuysen of New Jersey; also Col. Theodore Roosevelt, besides many other prominent men from other parts of the country. On the Democratic side, speakers include Secretary of State Bainbridge Colby, Secretary of the Navy Josephus Daniels, Secretary of Agriculture E. T. Meredith, Homer S. Cummings of Connecticut, former chairman of the Democratic national committee, Governor Chas. H. Brough of Arkansas, Governor Alfred Smith of New York and United States Sen-

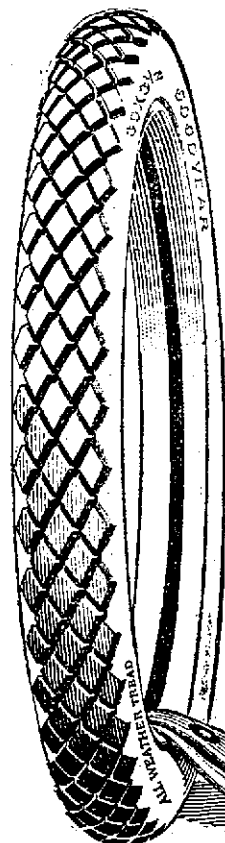

ator David L. Walsh of Massachusetts.

Democratic leaders will, during the campaign, urge the election of a legislature pledged to provide means by which liquor for medi-

cal purposes may be obtained in Maine through registered druggists. At the present time there is no legal way by which liquor may be secured in this state nor has there been since the abolition of the agency

system by the legislature in 1911. The vote of the women will be watched with interest this year, but according to political observers it will make little change in the general result.

Tire Mileage Increased and Cost Reduced—for Small Cars

You can buy Goodyear Tires today at prices which are no higher than they were ten years ago.

And from these tires you can now obtain more actual mileage due to advancements made by Goodyear in their construction since 1910.

The present cost of Goodyear mileage therefore is decidedly less and this fact applies to all the line, including the 30x3-, 30x3½- and 31x4-inch size Goodyear Tires built especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get exceptional mileage at very low cost.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

MR. BUYER OR SELLER,

Rush County, Indiana.

Dear Sir:—When you buy or sell real estate now, you will need an abstract of title. Especially if you sell.

I have been in the abstract of title business in Rush County for 20 years. During this time I have made abstracts of title for many of your acquaintances. Talk to any of them and when you need an abstract of title I will be glad to have your order.

My office is No. 111 N. Main Street, Rushville.

Yours truly,

LOUIS C. LAMBERT.

GOITRE

Caused Voice to Fail for Indianapolis Lady. Relieved by External Remedy

Note: It would be illegal to publish these statements if they were not true.

Mrs. Fred Maas, 423 Christian St. Indianapolis, Ind., says in her own home paper, the Indianapolis Star: "I have used one bottle of Sorbol Quadruple, and my goitre is almost gone. I had lost the use of my voice for singing, but that is near normal again. It relieved me of having horrible dreams. I cannot say enough for Sorbol Quadruple. A friend in the next block has had even more wonderful results than I. I will be glad to talk or write to anyone about it."

Sorbol Quadruple comes in small bottles containing enough for most cases. Will not stain or irritate. Does not interfere with regular work. Leaves parts in healthful normal condition. Easy to use. Requires 10 minutes daily.

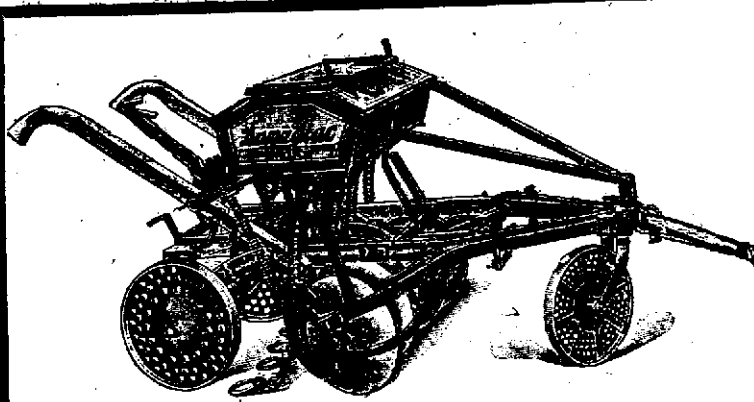

Get further information at Johnson's drug store, or write Sorbol Company, Mechanicsburg, Ohio. (Adv.) 57

TWO REGISTERED & EN ROLLED KENTUCKY JACKS

will make the season at Smalley's Barn, East Second St., Rushville, Ind. Season \$20.00—insure a colt.

CENTRE TRAINS TO WIN FROM HARVARD

Champion Football Team From Small Kentucky College Has Harvard in Mind For Goal

SCHEDULE IS ANNOUNCED

Includes Games With Harvard, Kentucky State and Will Play De-Pauw November 6

Camp Dick Robinson, Ky., Sept. 8—Here on the banks of the meandering Kentucky river, forty-five candidates for positions on the 1920 Centre College football squad today opened a 10-day training season in preparation for the drive they hope will result in the winning of American collegiate football honors.

At the outset it was made plain the Colonels are "layin' for Harvard". For on October 23 the little college that last year came "out of the sticks" and won national grid-iron recognition by rolling up a score of 432 points against 18 for their opponents, will make a pilgrimage to Cambridge, the first meeting of football talent from this section and the East. Centre men have their heads set to beat the big eastern university, and if "praying and playing" will turn the trick, they're going to pray and play—hard—they avow.

"Chief" Myers, athletic director of the Colonels, "Bo" McMillin, phenomenal captain and all-American quarterback, and Charley McDowell, assistant field marshal, were first on the ground when the camp opened. In addition there all but three members of last year's team and two dozen recruits. Head Coach "Uncle Charlie" Moran will not arrive until September 15, date of the closing of his engagement as National league umpire.

Among last year's stars, the following put in appearance: "Red Roberts", "Red" Weaver, "Lefty" Whitney, Terry Snoddy, "Irish" Murphy, Bill James, Sully Montgomery, "Pap" Ford, Ben Creagor, Norris Armstrong, Bill Blevins and Hamp Tanner. Others are expected to arrive daily until the camp's enrollment has reached probably 65 or 70.

Three hundred and ten students have already applied for accommodations at Centre for this fall. Last year the school which turned out the "praying" team boasted no more than 202 men in its student body—it is non-coeducational.

Danville, site of the college, will accompany the team en masse. Arrangements have already been made for a special train to leave Danville October 21, allowing a day in Boston for practice on the National league baseball grounds there. The return trip will be made by way of Niagara Falls. It is estimated 500 persons from Danville, Lexington and Louisville will make the trip with the team.

The Colonel's season schedule has been announced as follows:

October 2—Morris-Harvey College (W. Va.) at Danville.
October 9—Howard College (Ala.) at Danville.
October 16—Transylvania College at Danville.
October 23—Harvard at Cambridge.
October 30—George Tech at Atlanta.
November 6—DePauw at Indianapolis.
November 13—Kentucky State at Lexington.
November 20—Virginia Polytechnic at Louisville.
November 25—(Thanksgiving) Georgetown (Ky.) at Danville.

"Tragic Century"

The sixteenth century is called the "tragic century" on account of the great number of deaths occurring in it. The whole world was swept by plagues throughout the hundred years. Pestilence nearly depopulated China, and raged throughout Germany, Holland, Italy, Spain, England, France and Russia. The "sweating sickness," which broke out in England in 1550, caused the death of nearly one-half the population of the large cities of that country. The century was also noted for its many wars.

WANTED Young Man at the 99c STORE

Combination Sale!

Notice is hereby given that there will be a Combination Sale at Carr's Livery Barn in Glenwood, Indiana, on

FRIDAY, SEPTEMBER 10, 1920

Getting the Second 5,000 Miles Out of Tires

It's easy to get the first 5,000 miles out of a tire—most any tire will give that. But the mileage beyond 5,000—that's where most of them fall down.

Long tire mileage comes from a superior tire properly cared for.

We have the right kind of tires—GOODYEARS—and when we sell you a Goodyear Tire we offer you a definite service which assures maximum mileage.

We're anxious to help you get the second 5,000.	
30x3 Single Cure Smooth Tread	\$15.30
30x3 1/2 Single Cure Anti-Skid Tread	\$21.50
30x3 Double Cure All-Weather Tread	\$19.70
30x3 1/2 Double Cure All-Weather Tread	\$23.50
31x4 Double Cure All-Weather Tread	\$32.80

Long Standing Stomach Trouble Helped By Dreco

Wife of well known farmer suffered for years from a severe case of stomach trouble; an inactive liver and constipation. Has taken one bottle of Dreco and got fine results.

"My wife has been in bad health for a long time; has had so much trouble with her stomach, liver and bowels. Everything she ate turned to gas and bloated her up; her liver was inactive and would not throw off the excess bile, causing severe headaches and dizzy spells," said Mr. Orin Reynolds a well known farmer living on Rural Route B, Terre Haute, Ind.

"Her bowels would not move unless she took some strong medicine and that sort of medicine was worse than the complaint, for it upset her stomach, made her very nervous and she could not sleep well.

"We heard about the good Dreco was doing the folks around here, so thought we would let the wife try it and I want to tell you we are both very much pleased with the result. She has taken one bottle. I have bought another one for her and she is going to keep on taking Dreco until she is entirely well.

"Dreco soothed her stomach, cleared her liver of excess bile and caused her bowels to move in a natural, easy way and established regular habits."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

NEVER OUTSIDE THE MONEY THIS SEASON

Star Tramp, Who Won \$1,000 Purse at State Fair This Week In 8 Starts This Year

MAY BE RACED AGAIN FRIDAY

Star Tramp, the Rushville trotter which won first money in the 2:25 trot the opening day of the state fair, has never been outside the money this season in the eight starts which he has made. He has to his credit three firsts, two seconds and three fourths. He was campaigned in Illinois early this year and then brought to Indiana to the half mile tracks where he went good. Star Tramp may be given a chance to repeat Friday as he is entered in the trot and will likely be started if he is right.

Albert Capp, who owns an interest in the horse and has been driving him during the campaign in Indiana, gave the gelding a new mark at Indianapolis Monday when he won first money in a \$1,000 purse. The horse was third the first heat, fourth in the second and came back and won the third and fourth heats. In the third heat he was given a mark of 2:14, which will put him in a faster class. He went the fourth heat in 2:16.

Star Tramp is owned by Mr. Capp, Vern W. Norris and Dr. F. G. Hackleman. The horse was formerly campaigned by Harrie Jones and has always given promise of being a good horse. He was trained and raced by Dick Wilson as a colt.

EXPECT ALASKA VETERANS

Civil War Soldiers Will Attend Convention From a Distance

(By United Press) Indianapolis, Sept. 8.—Several veterans of the Civil war now living in Alaska, will come to Indianapolis for the annual national encampment of the Grand Army of the Republic here September 19 to 25, according to information received by the executive committee. With the encampment less than two weeks away all available space in the hotels of Indianapolis has been booked. Between 75,000 and 100,000 persons are expected to come here for the encampment which is the fifty-fourth in the history of the organization. Seventeen hundred official delegates of the Grand Army, each delegate representing a post, will attend.

KING HAS HORSE ENTERED

Race For St. Leger Stakes Was Run Today Over Customary Track

(By United Press) Doncaster, Eng., Sept. 8.—The race for the St. Leger Stakes, the last of the season's races for classic three-year-olds was run today over the customary one mile and three quarters track. Betting covered a wide range and despite the presence of the Derby winner, Maj. G. Loder's Spion Kop, in the field, the event was considered very open. Lord Derby's Archaic, second in the Derby, was fancied to turn the tables on his Epsom conqueror, while W. Raphael's Allenby, which broke down while going well in the same race, was reported as fit as ever it had been in its life.

King George had a nice-looking filly named Lemonade, which was expected to run well, and several others were backed by "knowing" circles. The race was worth \$30,000 to the winner.

Woman a Pioneer Geographer. Miss B. Pullen-Burby was the first geographer to visit some of the unknown parts of the Bismarck archipelago.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pain, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 5th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

F. B. JOHNSON & CO.

This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

WANTS OIL POLICY CHANGED

United States Sends Strong Protest to New Mexican Government

(By United Press) Washington, Sept. 8.—The United States has sent a vigorous note protesting to the new Mexican government against Carranza's program against the American oil interests in Mexico.

This government's communication is understood to leave the inference that America's recognition of the new Mexican government will be finally rejected if the Mexican policy toward the American oil interests is continued.

Carranza's policy of oil confiscation took the form of various decrees and legislation.

TALL CEDARS OF LEBANON

There will be a business meeting of Rushville Grove No. 6 in the Masonic Temple on Wednesday evening, Sept. 8th. All members are urged to be present.

May 2, 1898, the Associated Press reported, "Potatoes 25 and 30 cents a barrel this week."

HOT STORM

Something More Than a Hot Blast

Not a furnace stove but a stove with a little furnace in it.

The Hot Storm is one of the few stoves made today using an ash pan, where the ash pit is cast all in one piece, having the door and drafts ground air tight. Held fire three days on a test. Uses less fuel than any other stove made, heating the same amount of space.

Don't Fail to Visit Our Stove Department. All Kinds of Stoves.
